

MCO P1070.12K W/CH 1 (IRAM). Specifically, the Board noted the entry provided you the opportunity to rebut the entry and that you furnished a rebuttal for inclusion in your OMPF. Further, the Board noted the entry was appropriately issued by the CO as evidenced by his signature on the entry. The Board thus concluded there is insufficient evidence of material error or injustice warranting corrective action.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,
