

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

[REDACTED]  
Docket No. 7686-21

[REDACTED]

Dear [REDACTED]:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 20 January 2022. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion contained by BUPERS-328 of 9 December 2021 which was previously provided to you for comment, however, after 30 days no rebuttal was received.

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You requested that your 23-month extension be cancelled. The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. However, the Board concluded that when members, through no fault of their own, have not received any of the benefits for which the extension was executed, cancellation must occur by the day preceding the operative date of the extension. You executed an extension of enlistment for permanent change of station (PCS) orders and executed a PCS orders as written. You executed PCS move from [REDACTED] to [REDACTED]. In this connection, the Board substantially concurred with the comments contained in the advisory opinion.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not

previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

2/5/2022
