

**DEPARTMENT OF THE NAVY**  
BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

█  
Docket No: 374-22  
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 9 February 2022. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You enlisted in the Navy on 17 November 1980. On 14 May 1982, you received non-judicial punishment (NJP) for possession of a controlled substance. On 20 April 1983, you received NJP for wrongful use of marijuana. On 26 August 1983, a summary court-martial (SCM) convicted you of wrongful use of marijuana. Subsequently, you were notified of pending administrative separation action by reason of misconduct due to drug abuse. You elected to consult with legal counsel and subsequently requested an administrative discharge board (ADB). The ADB found that you committed misconduct due to drug abuse and recommended you receive an other than honorable (OTH) characterization of service. The separation authority (SA) concurred with the ADB and directed an OTH discharge by reason of drug abuse. On 30 November 1983, you were so discharged.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and contention that your discharge was based on two positive drug tests.

The Board noted that a Sailor's service is characterized at the time of discharge based on performance during the current enlistment. The Board also noted you requested an ADB, which found that you committed misconduct due to drug abuse, and recommended you receive an OTH characterization of service.

Based upon this review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct as evidenced by your two NJPs and SCM conviction outweighed these mitigating factors. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

2/16/2022
