Docket No: 0675-22
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 31 January 2022. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You enlisted in the Navy and began a period of active service on 25 May 1995. On 7 July 1997, you received non-judicial punishment (NJP) for unauthorized absence (UA). On 1 August 1997, you were discharged with an other than honorable (OTH) character of service by reason of misconduct due to drug abuse, and you were issued a RE-4 reentry code.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to change your character of service to honorable. You provided to the Board statements regarding your discharge from naval service, and your post service conduct as evidence in support of your petition. Your record does not contain all of the documents pertinent to your administrative separation processing. However, whenever official records are incomplete or unavailable, unless there is substantial credible evidence to rebut the presumption, the Board can presume a regularity in the conduct of the government affairs. The Board reviewed your statements, but concluded these potentially mitigating factors were insufficient to warrant relief. The Board relies on a presumption of regularity to support

the official actions of public officers and, in the absence of substantial evidence to the contrary, will presume that they have properly discharged their official duties. Your allegations are unsupported in the record or by submission of documentation, which failed to overcome that presumption. The Board found no error or injustice in your naval record. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

2/15/2022
