Subj: REVIEW OF NAVAL RECORD OF [REDACTED] [REDACTED]
[REDACTED] USMC

Ref: (a) Title 10 U.S.C. § 1552
(b) MCO 1070/12K (IRAM)
(c) MCO 1900.16 (MARCORSEPMAN)
(d) MCO 6110.3A (Marine Corps Body Composition and Military Appearance Program)

Encl: (1) DD Form 149 w/enclosures
(2) Administrative Remarks (Page 11) 6105 counseling entry of 28 April 2021

1. Pursuant to the provisions of reference (a), Subject, hereinafter referred to as Petitioner, filed enclosure (1) with the Board for Correction of Naval Records (Board), requesting that his naval record be corrected to administratively correct an Administrative Remarks (Page 11) 6105 counseling entry.

2. The Board, consisting of [REDACTED], and [REDACTED], reviewed Petitioner's allegations of error and injustice on 16 May 2022, and pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, relevant portions of the naval records, and applicable statutes, regulations, and policies.

3. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice, finds as follows:

a. Before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulations within the Department of the Navy.

b. Petitioner was initially placed on the Marine Corps Body Composition Program (BCP) and counseled on 28 October 2020. After failing to meet established weight/body composition goals, Petitioner was issued a Page 11 6105 on 28 April 2021 counseling him that he would be processed for administrative separation. See enclosure (2). However, Petitioner was extended on the BCP program on 29 April 2021 and subsequently removed from the program after meeting weight/body composition standards.

c. Petitioner submitted a petitioner requesting a correction to enclosure (2) based on his retention in the Marine Corps.

Subj: REVIEW OF NAVAL RECORD OF [REDACTED] [REDACTED]
[REDACTED] USMC

CONCLUSION

Upon review and consideration of all the evidence of record, the Board finds the existence of an error and injustice warranting partial relief. In this regard, the Board determined that the Page 11 6105 in question is administratively incorrect since it states he “will” be processed for administrative separation when he was granted an extension on the BCP program and not administratively processed for separation. Accordingly, the Board determined a correction to the Page 11 6105 is required to clarify Petitioner only faced the possibility of administrative separation processing based on his failure to take corrective action.

RECOMMENDATION

In view of the above, the Board directs the following partial corrective action.

Petitioner’s naval record be corrected by changing enclosure (2), his 28 April 2021 Page 11 6105 counseling entry from “You are advised that you will be processed for administrative separation for BCP failure per paragraph 6215 of MCO P1900.16” to “You are advised that failure to take corrective action may result in administrative separation from weight control failure per paragraph 6215 of MCO P1900.16F.”

No further relief be granted.

4. It is certified that a quorum was present at the Board’s review and deliberations, and that the foregoing is a true and complete record of the Board’s proceedings in the above entitled matter.

5. Pursuant to the delegation of authority set out in Section 6(e) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulation, Section 723.6(e)) and having assured compliance with its provisions, it is hereby announced that the foregoing corrective action, taken under the authority of reference (a), has been approved by the Board on behalf of the Secretary of the Navy.
