Docket No: 1112-22

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 4 March 2022. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You enlisted in the Navy and began a period of active service on 7 December 1999. On 26 August 2002, you were arrested by civil authorities for driving with a suspended license. You began a period of unauthorized absence (UA) from 26 August 2002 until 13 July 2004. You were found guilty by civil authorities for driving with a suspended license and you served a civil sentence in the [REDACTED] County jail from 13 July to 19 July 2004. On 20 September 2004, you were convicted at a special court martial (SPCM) for UA totaling 682 days, and wrongful use of marijuana. You were sentenced to confinement, reduction in rank, and a bad conduct discharge (BCD). You were discharged on 10 August 2005 with a BCD, as a result of your court martial conviction.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your characterization of service to Honorable. You contend, in part, your service was impeccable, and that your period of UA was

due to assaults threats, and lack of communication of commanding intervention. The Board determined your application did not include evidence to support your contentions, nor was there supporting evidence in your naval records. The Board noted your record contained one incident of misconduct. However, the Board concluded your extended period of UA, and drug related misconduct, which led to your BCD was appropriate based on the severe misconduct you committed. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

3/21/2022
