BOARD FOR CORRECTION OF NAVAL RECORDS 701 S. COURTHOUSE ROAD, SUITE 1001 ARLINGTON, VA 22204-2490

> Docket No. 1385-22 Ref: Signature Date

Dear

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 1 June 2022. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies.

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You requested 1-month and 22 days of reserve service credit to complete your anniversary year and achieve 30 years length of service. The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. However, the Board concluded that a review of your record indicates your approved 10 April 2018 reenlistment for a term of 24 months provided you a message regarding reaching your 30th year of federal service on 23 May 2020. Additionally, on 3 December 2019, you requested retirement; the request was approved on 9 December 2019 and you were issued Transfer to the Retired Reserve (Awaiting Pay) orders that specified an approved retirement date of 1 April 2020 and that you completed 29 years of qualifying service. The Board found that you completed four inactive duty periods and received 13 membership points from 23 May 2019 through 31 March 2020, thereby not meeting the 50 points minimum requirement to garner 30 years of qualifying service for retirement. Furthermore, the Board noted that MARADMIN

285/20 released on 11 May 2020, subsequent to your 1 April 2020 retirement and applied to the stop move of permanent change of station moves; therefore, did not apply to your circumstance.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

Deputy Director
