

submit a statement. The Board determined that your contested page 11 entry was issued and written according to the IRAM. Specifically, the IRAM provides that career enlisted Marines who receive Permanent Change of Station Orders will be afforded the opportunity to either extend or reenlist in order to have the required obligated service. In the case when a Marine fails to either extend or reenlist, the Commandant of the Marine Corps Manpower Management Enlisted Assignments division must be notified and an enlisted service record book entry will be made. The Board found no provision in the IRAM requiring that the page 11 entry be issued only upon receipt of a message from HQMC, and no requirement to remove your page 11 entry upon reentry on active duty. Accordingly, the Board concluded that there is no probable material error, substantive inaccuracy, or injustice warranting removal of the page 11 entry. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,
