ARLINGTON, VA 22204-2490

Docket No. 2139-22
Ref: Signature Date

[Redacted]

Dear [Redacted],

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 9 June 2022. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion contained in Bureau of Naval Personnel (BUPERS-328) memorandum of 28 March 2022 which was previously provided to you for comment.

You requested to establish entitlement to a Tier 1, Zone “B” Selective Reenlistment Bonus (SRB) by changing your reenlistment date from 2 March 2021 to 28 April 2019. The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. However, the Board could not find, nor did you provide evidence of you garnering approval from your chain of command to reenlist on 28 April 2019 prior to the SRB Quota Shutdown Addendum to Navy Administration message 305/18 discontinuing SRB eligibility for your skillset effective 1 April 2019. In this connection, the Board substantially concurred with the comments contained in the advisory opinion.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

6/30/2022
