701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

Docket No: 2424-22
Ref: Signature Date

■
Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 3 June 2022. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You enlisted in the Marine Corps and began a period of active service on 13 May 1996. You received non-judicial punishment (NJP) for wrongful use of marijuana on 10 January 1997 and 11 February 1997. On 4 March 1997, you were counseled regarding your wrongful use of marijuana. Unfortunately, the documents pertinent to your administrative separation are not in your official military personnel file (OMPF). Notwithstanding, the Board relies on a presumption of regularity to support the official actions of public officers and, in the absence of substantial evidence to the contrary (as is the case at present), will presume that they have properly discharged their official duties. Your Certificate of Release or Discharge from Active Duty (DD Form 214), reveals that you were separated from the Marine Corps on 21 March 1997 with an Other Than Honorable (OTH) characterization of service, your narrative reason for

separation is “Misconduct – Drug Abuse,” your separation code is “HKK1,” and your reenlistment code is “RE-4.”

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your request to upgrade your character of service because you have been an outstanding, working citizen in your community since your discharge. You also contend the changes in law throughout the nation regarding marijuana use should warrant an upgrade to the characterization of your service and that you should not continue to suffer from the one mistake you made. For purposes of clemency consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments, or advocacy letters.

Based upon this review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJPs, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct that included two separate drug offenses and the brevity of your active duty service. Further, the Board considered your contention regarding current laws regarding marijuana use; however, the Board noted that the Department of Defense has not legalized marijuana use for active duty service members. Finally, the Board commended your post-discharge good character but, ultimately, felt it was insufficient to mitigate the seriousness of your drug abuse. As a result, the Board concluded your conduct constituted a significant departure from that expected of a Marine and continues to warrant an OTH characterization. After applying liberal consideration, the Board did not find evidence of an error or injustice that warrants upgrading your characterization of service or granting clemency in the form of an upgraded characterization of service. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

6/27/2022
