Dear █

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 11 May 2022. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies.

Subsequently, Bureau of Naval Personnel Notice 1780 was promulgated on 7 April 2010 with several updates prior to your 1 March 2022 voluntary transfer to the Fleet Reserve. These policies outlined eligibility, processing, service obligation, and reference information germane to transferring education benefits to eligible dependents. Specifically, the abovementioned policies required a 4-year additional service obligation from the date of election and directed Sailors to ensure their additional service obligation was properly documented in their electronic service record prior to initiating transferability request.

A review of your record indicates you reenlisted on 2 January 2018 for a term of 3 years; failing to meet the 4-year requirement to transfer education benefits (TEB). Additionally, the Board could not find, nor did you provide evidence that you utilized/completed the Transfer of
