

**DEPARTMENT OF THE NAVY**  
BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

█  
Docket No: 3534-22  
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Title 10, United States Code, Section 1552. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although you did not file your application in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your case on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 20 May 2022. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include to the 25 August 2017 guidance from the Office of the Under Secretary of Defense for Personnel and Readiness (Kurta Memo), the 3 September 2014 guidance from the Secretary of Defense regarding discharge upgrade requests by Veterans claiming post-traumatic stress disorder (PTSD) (Hagel Memo), and the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

The Board determined that your personal appearance, with or without counsel, would not materially add to the understanding of the issues involved. Therefore, the Board determined a personal appearance was not necessary and considered your case based on evidence of record.

Prior to enlisting, you admitted to repeated pre-service drug use of marijuana from October of 1999 through January of 2000. You enlisted in the Navy and began a period of active service on 21 November 2002, with a moral waiver for a civil conviction and a medical waiver for substance abuse. On 25 October 2004, you were notified of administrative separation processing for misconduct due to commission of a serious offense and drug abuse. You waived consultation

with counsel and waived your right to a hearing before an administrative board. You pled guilty at Summary Court-Martial (SCM) for charges of Article 92, failure to obey a lawful order, and three specifications of violating Article 112a for wrongful use of both marijuana and ecstasy on multiple occasions. Your administrative separation recommendation was processed and you were discharged with an Other Than Honorable (OTH) characterization of service on 9 December 2004.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and your contentions that you used marijuana to self-medicate due to debilitating pain from diagnosed ankylosing spondylitis and that you understand it was a poor choice to turn to illegal drugs for relief from pain. For purposes of clemency consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments, or advocacy letters.

Based upon this review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your SCM, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included two drug offenses. Further, the Board considered your preservice history of illegal drug use and that your in-service drug use involved ecstasy; a drug not used to ease orthopedic pain. As a result, the Board concluded your conduct constituted a significant departure from that expected of a Sailor and continues to warrant an OTH characterization. After applying liberal consideration, the Board did not find evidence of an error or injustice that warrants upgrading your characterization of service or granting clemency in the form of an upgraded characterization of service. Accordingly, the Board determined that your request does not warrant relief.

You are entitled to have the Board reconsider its decision upon the submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity is attached to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

6/10/2022
