Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although you did not file your application in a timely manner, the statute of limitations was waived in the interests of justice. A three-member panel of the Board, sitting in executive session, considered your application on 27 June 2022. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice, or clemency determinations (Wilkie Memo).

You enlisted and entered a period of active duty in the Navy on 7 July 1993. On 28 March 1997, you received nonjudicial punishment (NJP) for wrongful use of marijuana in violation of Article 112a, Uniform Code of Military Justice. On 3 April 1997, you were notified of administrative separation processing by reason of misconduct due to drug abuse. You waived review of your case before an administrative discharge board and, on 15 April 1997, were discharged with an Other Than Honorable (OTH) characterization of service.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and contentions that you have learned from your mistakes, would like to feel better about your military service, and that your request is not for benefits but for your own personal healing and to move on from a bad decision. For purposes of clemency consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments, or advocacy letters.

Based on this review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJP, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included a drug offense. As a result, the Board concluded your conduct constituted a significant departure from that expected of a Sailor and continues to warrant an OTH characterization. After applying liberal consideration, the Board did not find evidence of an error or injustice that warrants upgrading your characterization of service or granting clemency in the form of an upgraded characterization of service. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

7/6/2022
