701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

Docket No: 3703-22

Ref: Signature date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Title 10, United States Code, Section 1552. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 13 June 2022. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You enlisted in the Navy and began a period of active duty on 16 September 1982. On 12 January 1983, you received nonjudicial punishment (NJP) for stealing a cassette tape. On 31 January 1983, you received a second NJP for disobeying a lawful order. On 11 November 1983, you were counseled for poor performance. You were advised that failure to take corrective action could result in administrative separation. On 12 May 1986, you received a third NJP for dereliction of duty. On 29 July 1986, you received a fourth NJP for wrongful use of a controlled substance-amphetamines and methamphetamines. On the same date, you were notified of the initiation of administrative separation proceedings by reason of misconduct due to drug abuse, at which point, you elected to waive all your procedural rights. On 31 July 1986, your commanding officer recommended an Other Than Honorable (OTH) discharge characterization of service by reason of misconduct due to drug abuse. On 5 August 1986, the discharge authority approved

and ordered an OTH discharge characterization of service by reason of misconduct due to drug abuse. On 15 August 1986, you were discharged.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire for a discharge upgrade and contentions that you were exposed to asbestos while working in the boiler room of the █ and that you are in need of desperate medical relief as you are suffering from mesothelioma. For purposes of clemency consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments, or advocacy letters.

Based upon this review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJPs, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and concluded it showed a complete disregard for military authority and regulations. Additionally, the Board noted your misconduct included a drug offense. Further, the Board considered the brevity of your active duty service when weighing it against your history of misconduct. Finally, absent a material error or injustice, the Board declined to summarily upgrade a discharge solely for the purpose of facilitating Department of Veterans Affairs benefits, or enhancing educational or employment opportunities. As a result, the Board concluded your conduct constituted a significant departure from that expected of a Sailor and continues to warrant an OTH characterization. After applying liberal consideration, the Board did not find evidence of an error or injustice that warrants upgrading your characterization of service or granting clemency in the form of an upgraded characterization of service. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon the submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

7/4/2022
