Dear █,

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 10 May 2023. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board also considered the advisory opinion by Navy Personnel Command memorandum 1430 PERS 8031/162 of 4 April 2023, which was previously provided to you. You were afforded an opportunity to submit a rebuttal, but did not do so.

You requested your record be corrected to reflect Electrician's Mate Second Class (EM2)/E-5 or Electrician's Mate Third Class (EM3)/E-4 base on the Prior Service Reenlistment Eligibility-Reserve (PRISE-R) program. The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. The Board concluded that you did not enlist in the Navy Reserve under the PRISE-R program in accordance with Military Personnel Manual Article 1133-061. Specifically, the PRISE-R program is a Reserve accession program that allows Navy Veterans (NAVETs) to enlist in the Selected Reserve into another available rating. Commander, Navy Recruiting Command Instruction 1130.8K provides the guidelines for accession of personnel who have prior active Navy service to include determining paygrade eligibility for NAVETs enlisting in the same rate. For those discharged over ten years, the paygrade will be two paygrades less than held at discharge.

A review of your record indicates you served on active duty from 28 March 2000 through 27 April 2004 and released from active duty as an EM2/E-5. You completed your military service obligation in the Individual Ready Reserve from 28 April 2004 through 27 October 2007
