Dear █

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 12 July 2022. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies.

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You requested transfer to the Fleet Reserve. The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. However, the Board concluded that you are not eligible for retirement in accordance with Title 10 U.S.C 6330(b). Specifically, the law indicates, "An enlisted member of the Regular Navy or Navy Reserve who has completed 20 or more years of active service in the armed forces may, at his request, be transferred to the Fleet Reserve." A review of your record reflects that at the time of your 13 January 2006 discharge, you served 19 years, 7 months, and 4 days of active duty service. The Board noted that you although you ultimately received an upgrade of an honorable discharge from your initial characterization of service in 2006, you do not have sufficient active duty service to warrant transfer to the Fleet Reserve.
