BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

█  
Docket No: 5245-22  
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 3 August 2022. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You entered active duty with the Marine Corps on 18 March 1997. On 28 February 2001, you received non-judicial punishment (NJP) for wrongful use of cocaine. Subsequently, you were notified of pending administrative separation action by reason of misconduct due to drug abuse. You elected to consult with legal counsel and subsequently requested an administrative discharge board (ADB). The ADB found that you committed misconduct due to drug abuse and recommended you receive an Other Than Honorable (OTH) characterization of service. The separation authority (SA) concurred with the ADB and directed an OTH discharge by reason of drug abuse. On 17 March 2001, you were so discharged.

Post-discharge, you applied to the Naval Discharge Review Board (NDRB) for a discharge upgrade. On 14 December 2011, the NDRB denied your request after concluding your discharge was proper as issued.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge in addition to your contentions that you were stressed out due to your son dying, you have attended rehabilitation and counseling since discharge, and you had three years of good service prior to separation. For purposes of clemency consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

Based upon this review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJP, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included a drug offense. Further, the Board noted that you provided no evidence to substantiate your contentions of mitigation. While the Board considered the fact your drug use was your only documented misconduct, the Board still concluded your conduct constituted a significant departure from that expected of a Marine and continues to warrant an OTH characterization. After applying liberal consideration, the Board did not find evidence of an error or injustice that warrants upgrading your characterization of service or granting clemency in the form of an upgraded characterization of service. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

8/15/2022
