

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

█
Docket No. 5867-22
Ref: Signature Date

█
Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your case on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 18 October 2022. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations and policies, as well as the 1 August 2022 decision by the Marine Corps Performance Evaluation Review Board (PERB), and the 29 June 2022 Advisory Opinion (AO) provided to the PERB by the Manpower Management Division Records and Performance Branch (MMRP-30). The PERB decision and the AO were provided to you on 2 September 2022. Although you were afforded an opportunity to submit a rebuttal, you did not do so.

The Board carefully considered your request to remove your 2 August 2017 to 13 November 2017 Fitness Report. The Board considered your contention that the report should be removed due to insufficient observation time due to your redeployment with the █ Marine Expeditionary Unit (MEU) and post deployment block leave. In support of your application, you provided a statement from your Reporting Senior.

The Board, however, substantially concurred with the AO and the PERB Decision that the report is valid as written and filed, in accordance with the applicable Performance Evaluation System (PES) Manual guidance. In this regard, the Board noted that the report covered more than the 90 day minimum observation period required for a Transfer occasion fitness report and that the leave block did not constitute a formal period of non-availability nor did it render the RS

evaluation insufficient. Further, the Board noted that the fitness report captured significant achievements while you served as the Battalion Landing Team Logistics Officer during Operation Inherent Resolve and for the redeployment of the MEU. The Board thus concluded insufficient evidence of error or injustice exists to warrant removal of the fitness report. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

11/1/2022
