

of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJP, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included a drug offense. The Board determined that illegal drug use by a Sailor is contrary to Navy core values and policy, renders such Sailors unfit for duty, and poses an unnecessary risk to the safety of their fellow Sailors. The Board noted that marijuana use in any form is still against Department of Defense regulations and not permitted for recreational use while serving in the military. Additionally, the Board took into consideration the likely negative impact your conduct had on the good order and discipline of your command. Finally, the Board found no evidence that your characterization of service was previously upgraded. As a result, the Board concluded your conduct constituted a significant departure from that expected of a Sailor and continues to warrant an OTH characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants upgrading your characterization of service or granting an upgraded characterization of service as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon the submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,
