

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

Docket No: 7781-22
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 9 November 2022. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You enlisted in the Marine Corps Reserve and commenced an initial period of active duty for training (IADT) on 24 August 1998. On 8 January 1999, you successfully completed the IADT and were released from active duty to reserve duty. During the period from 16 September 2000 and 10 March 2002, you received two warning counseling's on your failure to pass the Physical Fitness Test (PFT) and failure to obey a general order. On 31 December 2002, you tested positive for marijuana. Subsequently, on 9 January 2003, you were notified of pending administrative separation action by reason of misconduct drug abuse. On 12 January 2003, you received non-judicial punishment (NJP) for wrongful use of marijuana. After you waived your rights, your commanding officer (CO) forwarded your package to the separation authority (SA) recommending your discharge with an Other Than Honorable (OTH) characterization of service. The SA approved the CO's recommendation and directed an OTH characterization of service by reason of misconduct due to drug abuse. You were subsequently discharged.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge. In addition, the Board considered your contentions that you used marijuana due to being stressed after having your first child and you are now a great father, man, husband, and overall person. For purposes of clemency consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJP, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included a drug offense. The Board determined that illegal drug use by a Marine is contrary to the Marine Corps core values and policy, renders such Marines unfit for duty, and poses an unnecessary risk to the safety of their fellow Marines. The Board noted that marijuana use in any form is still against Department of Defense regulations and not permitted for recreational use while serving in the military. In addition, the Board considered the likely negative impact your conduct had on the good order and discipline of your command. Additionally, the Board noted that there is no evidence in your record, and you submitted none, to substantiate your contentions. Finally, absent a material error or injustice, the Board declined to summarily upgrade a discharge solely for the purpose of facilitating veterans' benefits, or enhancing educational or employment opportunities. As a result, the Board concluded your conduct constituted a significant departure from that expected of a Marine and continues to warrant an OTH characterization of service. While the Board commends your post-discharge good character, even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants upgrading your characterization of service or granting an upgraded characterization of service as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

11/30/2022
