Subj: REVIEW NAVAL RECORD OF FORMER MEMBER █  
█

Ref: (a) 10 U.S.C. 1552  
(b) Under Secretary of Defense for Personnel and Readiness memorandum regarding equity, injustice, or clemency determinations dated 25 July 2018 (Wilkie Memo)

Encl: (1) DD Form 149 with attachments  
(2) Case summary  
(3) Subject's naval record (excerpts)

1. Pursuant to the provisions of reference (a), Subject, hereinafter referred to as Petitioner, a former enlisted member of the Marine Corps, filed enclosure (1) with this Board requesting a change to his naval record, specifically, to change his General (Under Honorable Conditions) (GEN) characterization of service to Honorable. He also implied and requested that his Narrative Reason for Separation "Personality Disorder" be changed. Enclosures (1) through (3) apply.

2. The Board, consisting of █, reviewed Petitioner's allegations of error and injustice on 9 November 2022 and, pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, naval records, and applicable statutes, regulations, and policies.

3. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice finds as follows:

a. Before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulations within the Department of the Navy.

b. Although enclosure (1) was not filed in a timely manner, it is in the interest of justice to waive the statute limitation and review the application on its merits.

c. Petitioner enlisted in the Marine Corps on 5 June 2006. On 27 February 2007, Petitioner received a warning counseling due to malingering and disrespect toward a non-commissioned officer (NCO). On 9 March 2007, Petitioner received non-judicial punishment (NJP) for avoiding services by feigning a disability due to an ankle injury. On 7 May 2007, Petitioner received a warning counseling due to using provoking speeches and disorderly conduct. On 9 May 2007, Petitioner received a medical evaluation and was diagnosed with a personality disorder. As a

result, he was notified of pending administrative separation action by reason of a personality disorder. After he waived his rights, his commanding officer (CO) forwarded the separation package to the separation authority (SA) recommending a GEN characterization of service due to a personality disorder. The SA approved the recommendation and, on 30 May 2007, he was so discharged.

CONCLUSION:

Upon review and consideration of all the evidence of record, especially in light of reference (b), the Board concludes that Petitioner's request warrants partial favorable action.

In keeping with the letter and spirit of the Wilkie Memo, the Board determined that it would be an injustice to label one's discharge as being for a diagnosed character and behavior and/or adjustment disorder. Describing Petitioner's service in this manner attaches a considerable negative and unnecessary stigma, and fundamental fairness and medical privacy concerns dictate a change. Accordingly, the Board concluded that Petitioner's discharge should not be labeled as being for a mental health-related condition and that certain remedial administrative changes are warranted to the DD Form 214.

Notwithstanding the corrective action recommended below, the Board determined Petitioner's characterization of service remains appropriate based on his record of misconduct that included counselings and a NJP. The Board determined that an Honorable discharge was appropriate only if the Marine's service was otherwise so meritorious that any other characterization of service would be clearly inappropriate. The Board concluded by opining that certain negative aspects of the Petitioner's conduct and/or performance outweighed the positive aspects of his military record even under the liberal consideration standards for mental health conditions, and that a GEN discharge characterization and no higher was appropriate. In addition, the Board also concluded that Petitioner remains unsuitable for further military service and his assigned reentry code of RE-4 also remains appropriate.

In view of the foregoing, the Board finds the existence of an injustice warranting the following corrective action.

RECOMMENDATION:

That Petitioner's naval record shall be corrected by changing the narrative reason for separation to "Secretarial Authority", SPD code as "JFF1", and separation authority as "MARCORPSEPMAN 6214".

That Petitioner is issued a new Certificate of Release or Discharge from Active Duty (DD Form 214).

That no further changes be made to the record.

4. It is certified that a quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above entitled matter.
