BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

█  
Docket No: 7970-22  
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 22 December 2022. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You entered active duty with the Navy on 3 July 1973. On 19 December 1974, you received non-judicial punishment (NJP) for absence from appointed place of duty. During the period from 13 February 1975 to 15 August 1975, you received three NJPs for unauthorized absence (UA) totaling seven days, one hour and five minutes, missing ship's movement, and disobeying a lawful order. On 17 April 1976, you received NJP for sleeping on post. On 12 October 1976, a summary court-martial (SCM) convicted you of UA for 31 days. Subsequently, you were notified of pending administrative separation action by reason of misconduct due to frequent involvement with military authorities. After you waived your rights, your commanding officer (CO) forwarded your package to the separation authority (SA) recommending your discharge with a General (Under Honorable Conditions) (GEN) characterization of service. The SA approved the CO's recommendation and directed a GEN characterization of service by reason of misconduct due to frequent involvement with military authorities. On 15 December 1976, you were so discharged.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and contentions you were subjected to racism and fights, you were afraid you would be killed, and you were not given a chance to be a good Sailor. For the purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJPs and SCM, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the likely negative impact your conduct had on the good order and discipline of your command. Further, the Board noted that there is no evidence in your record, and you submitted none, to substantiate your contentions. Finally, the Board determined, based on your extensive record of misconduct, that you were fortunate to receive a GEN characterization rather than an Other Than Honorable characterization. The Board noted that several of your incidents of misconduct qualified for a punitive discharge under the Uniform Code of Military Justice. As a result, the Board concluded significant negative aspects of your active service outweigh the positives and continues to warrant a GEN characterization of service. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants upgrading your characterization of service or granting clemency in the form of an upgraded characterization of service. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

1/14/2023
