BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

■
Docket No. 8276-22

Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Title 10, United States Code, Section 1552. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 20 March 2023. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You enlisted in the Marine Corps and began a period of active duty on 19 September 1984. Between 31 March 1986 to 2 July 1986, you had three periods of unauthorized absence (UA) totaling 26 days. On 17 July 1986, you were convicted by special court martial (SPCM) for the three periods of UA, disobeying a lawful order, and violation to article 134 of the UCMJ. You were sentenced to a Bad Conduct Discharge (BCD), reduction to E-1, confinement, and forfeiture of pay. On 3 November 1986, you were discharged with a BCD characterization by reason of conviction by SPCM.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to your desire for a discharge upgrade and contentions that: (a) you were young and inexperienced in so many ways, (b) that some of the statements used to describe your offenses were too harsh and false, (c) that you are seeking a discharge upgrade so

that you may be eligible for Department of Veterans Affairs benefits. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your SPCM, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the likely negative impact it had on the good order and discipline of your unit. The Board also noted that there is no provision of federal law or in Navy/Marine Corps regulations that allows for a discharge to be automatically upgraded after a specified number of months or years. Finally, absent a material error or injustice, the Board declined to summarily upgrade a discharge solely for the purpose of facilitating veterans' benefits, or enhancing educational or employment opportunities. As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant a BCD characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon the submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

4/6/2023
