BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

█  
Docket No: 8285-22  
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 7 December 2022. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You entered active duty with the Marine Corps on 18 July 1983. Prior to your enlistment, you received a waiver for prior service marijuana use. On 22 April 1984, you attended the Navy Substance Abuse Program (NSAP). During the period from 23 May 1984 and 16 October 1984, you received two non-judicial punishments (NJP) for misbehavior of a sentry and wrongful use of marijuana or hashish. On 17 September 1985, a summary court-martial (SCM) convicted you of wrongful use of marijuana and absence from appointed place of duty. Subsequently, you were notified of pending administrative separation action by reason of misconduct due to drug abuse. After electing to waive your rights, your commanding officer (CO) forwarded your package to the separation authority (SA) recommending your discharge by reason of misconduct due to drug abuse with an Other Than Honorable (OTH) characterization of service. On 23 December 1985, the SA approved the CO's recommendation. However, on 24 December 1985, another SCM convicted you of wrongful use of marijuana and being in an unauthorized absence (UA) status for three days. On 10 January 1986, you were discharged with an OTH.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and contentions that you made a poor choice and been a different person post-discharge. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your two SCMs and two NJPs, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included three separate drug offenses. The Board determined that illegal drug use by a Marine is contrary to Marine Corps core values and policy, renders such Marines unfit for duty, and poses an unnecessary risk to the safety of their fellow Marines. The Board noted that marijuana use in any form is still against Department of Defense regulations and not permitted for recreational use while serving in the military. Further, the Board noted that your record clearly reflected your misconduct and the evidence of record showed that you were responsible for your conduct and you should be held accountable for your actions. As a result, the Board concluded your conduct constituted a significant departure from that expected of a Marine and continues to warrant an OTH characterization. While the Board commends your post-discharge good character, even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants upgrading your characterization of service or granting an upgraded characterization of service as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

12/23/2022
