

**DEPARTMENT OF THE NAVY**  
BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

■  
Docket No. 9222-22  
3347-22  
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Because your application was submitted with new evidence not previously considered, the Board found it in the interest of justice to review your application. A three-member panel of the Board, sitting in executive session, considered your application on 1 February 2023. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You previously applied to this Board for an upgrade to your characterization of service and were denied on 31 August 2022.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to change your discharge character of service and contentions that you love the Navy, paid attention to detail, and deserve to be forgiven and

granted an upgrade of your characterization of service. For purposes of clemency and equity consideration, the Board noted you provided an advocacy letter but no supporting documentation describing post-service accomplishments.

After thorough review, the Board concluded your potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your two NJPs, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it involved a drug offense. The Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. Furthermore, the Board noted that marijuana use in any form is still against Department of Defense regulations and not permitted for recreational use while serving in the military. Additionally, the Board considered the likely negative effect your misconduct had on the good order and discipline of your command. The Board found that your misconduct was intentional and made you unsuitable for continued naval service. As a result, the Board determined your conduct constituted a significant departure from that expected of a Sailor and continues to warrant an OTH characterization. While the Board carefully considered the evidence you submitted in mitigation, even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Ultimately, the Board concluded the mitigation evidence you provided was insufficient to outweigh the seriousness of your misconduct. Accordingly, given the totality of the circumstances, the Board determined your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

2/17/2023
