Dear ██████████:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 7 March 2023. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion by the Branch Head, Community Management Support Branch (BUPERS-328) of 30 January 2023, and your response to the opinion.

On 28 April 2015 you entered active duty on 28 April 2015 with an end of active obligated service (EAOS) of 27 April 2019 and Soft EAOS (SEAOS) of 27 April 2021, and on 14 December 2017 you reenlisted for 6 years with an EAOS of 13 December 2023 and SEAOS of 13 June 2024.

On 5 May 2021 you were issued official change duty orders (BUPERS order: 1251) with required obligated service to June 2024, while stationed in ██████████, ██████████ with an effective date of departure of June 2021. Your intermediate (1) activity was ██████████, ██████████ for temporary duty under instruction with an effective date of arrival of 12 June 2021. Your ultimate activity was ██████████, ██████████ for duty with an effective date of arrival of 23 August 2021, with a Projected Rotation Date (PRD) of June 2024.

On 1 June 2021 you transferred from █, and arrived to █
█ on 12 June 2017 for temporary duty under instruction, and on 16 July 2021 you transferred
from █, and arrived to █ on 19 August 2021 for duty.

You requested the removal of six month OBLISERV, the Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. However, the Board concluded that BUPERS order: 1251 required obligated service to June 2024 and you signed a six month extension to meet the OBLISERV. You executed your orders, detaching from your former command on 1 June 2021. Your PRD from recruiting duty is June 2024 and SEAOS of 13 June 2024 comply with current nuclear qualified members and meets the required obligated service out to June 2024 as directed in BUPERS Order 1251. In this connection, the Board substantially concurred with the comments contained in the advisory opinion.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

3/16/2023

█

Deputy Director
