BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

Docket No. 2309-23
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 17 May 2023. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You enlisted in the U.S. Navy and began a period of active duty on 6 May 1980. On 6 November 1981, you were found guilty at summary court-martial (SCM) for conspiring to sell marijuana, selling marijuana on two occasions, possession of marijuana, and wrongful use of marijuana. As a result, you were notified of administrative separation processing for misconduct due to drug abuse and waived your associated rights. The Commanding Officer (CO) made his recommendation to the Separation Authority (SA) that you be discharged with an Other Than Honorable (OTH) characterization. The SA accepted the recommendation and directed you be

discharged for drug abuse. Prior to your discharge, you waived substance abuse treatment. Subsequently, you were discharged on 29 March 1982 with an OTH characterization of service.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire for an upgrade in your characterization of service and contentions that you were told you would have some benefits, your CO and division officer stated you were a very good seaman and they would do anything to help you out, they were supposed to write in the remarks section of your DD Form 214 that you were a cooperative seaman but there were no remarks written in your DD Form 214, and you could use USAA benefits now. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your SCM, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included multiple drug offenses. The Board determined that illegal drug use and distribution by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. The Board noted that marijuana use in any form is still against Department of Defense regulations and not permitted for recreational use while serving in the military. Further, the Board concluded that your discharge was proper and equitable under standards of law and discipline and that the discharge accurately reflects your conduct during your period of service, which was terminated by your separation with an OTH. Additionally, absent a material error or injustice, the Board declined to summarily upgrade a discharge solely for the purpose of facilitating veterans' benefits, or enhancing educational or employment opportunities. Finally, the Board noted you provided no evidence to substantiate your contentions. However, the Board also noted that applicable regulations do not allow for specific remarks describing an individual's work performance to be placed on the DD Form 214. As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when

applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

5/28/2023
