1. Pursuant to the provisions of reference (a), Subject, hereinafter referred to as Petitioner, filed enclosure (1) with the Board for Correction of Naval Records (Board), requesting that her naval record be corrected to reflect retroactive enrollment into the Blended Retirement System (BRS).

2. The Board, consisting of [REDACTED], [REDACTED], and [REDACTED] reviewed Petitioner's allegations of error and injustice on 5 April 2023 and pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, relevant portions of Petitioner's naval record, and applicable statutes, regulations, and policies.

f. In the advisory opinion, attached as enclosure (2), the office having cognizance over the subject matter addressed in Petitioner's application has commented to the effect that the request has merit and warrants favorable action.

#### CONCLUSION

Upon review and consideration of all the evidence of record, and especially in light of the contents of enclosure (2), the Board finds the existence of an injustice warranting the following corrective action. In accordance with reference (b), Petitioner met the eligibility criteria for BRS, however, failed to complete the election process during the BRS election window from 13 September 2022 to 18 October 2022. The Board concluded, had Petitioner received adequate counseling to make the election during the aforementioned period she would have completed the enrollment process. Although Petitioner did not complete the proper administrative requirements, the Board felt that under these circumstances, relief is warranted.
