Dear █

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 5 March 2024. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion contained in Headquarters United States Marine Corps letter 1000 MMRP-13 of 28 November 2023, and your response to the opinion.

You requested promotion to the rank of Lance Corporal/E-3 on your Certificate of Release or Discharge from Active Duty (DD Form 214). The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors to include your assertions. However, the Board concluded your promotion warrant to the rank of Lance Corporal was in the Reserves and was effective on 1 November 1969 which was after your 31 December 1965 release from active duty. The Board noted that a DD Form 214 is only issued for active duty service, thus your rank of Private/E-1 reflects the proper grade at the time your DD Form 214 was issued. Therefore, correction to your active duty DD Form 214 is not warranted.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

3/20/2024
