

characterization of service. Ultimately, on 7 July 2004, you were discharged with an OTH by reason of misconduct due to drug abuse.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to your desire for a discharge upgrade and contentions that: (a) you were discharged for wrongful use of marijuana and marijuana is now use for medical purposes, and (b) you were diagnosed with depression and marijuana helps you to cope. The Board noted you checked the "PTSD" box on your application but chose not to respond to the Board's 26 July 2023 letter requesting supporting evidence of your claim. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJPs, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included drug related offenses. The Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. The Board noted that marijuana use in any form is still against Department of Defense regulations and not permitted for recreational use while serving in the military. Further, the Board considered the likely negative effect your conduct had on the good order and discipline of your unit. As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon the submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

10/4/2023
