

**DEPARTMENT OF THE NAVY**  
BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

█  
Docket No. 7427-23  
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Title 10, United States Code, Section 1552. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 18 September 2023. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You enlisted in the Naval Reserves and began a period of active duty on 2 October 1979. During a period beginning on 18 March 1980 to 8 February 1983, you had three periods of unauthorized absence (UA) totaling 976 days and resulting in your apprehension by civil authorities. As a result, on 22 April 1983, you were convicted by special court martial for three periods of UA. You were sentenced to a Bad Conduct Discharge (BCD), confinement at hard labor for a period of four months, and forfeiture of pay in the amount of \$350.00 for a period of five months. After completion of your appellate review, on 21 December 1984, you were discharged with a BCD characterization of service by reason of conviction by SPCM.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to your desire for a discharge upgrade and contentions that: (a) you were young and did not understand the consequences of your actions, and (b) you have been a

productive member of society since you separated from service. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your SPCM, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the likely negative impact it had on the good order and discipline of your unit. Further, the Board found that your conduct showed a complete disregard for military authority and regulations. As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant a BCD characterization. While the Board considered your assertion of post-discharge good character, even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon the submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

10/4/2023
