> Docket No. 7577-23 Ref: Signature Date

Dear

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 25 January 2024. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion contained in Branch Head, Community Management Support Branch memorandum 1160 Ser B328/155 of 20 September 2023, which was previously provided to you for comment.

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

On 23 February 2018, you reenlisted for 6 years with an End of Active Obligated Service (EAOS) of 22 February 2024.

Your request was approved by cognizant authority on 21 July 2023. You requested to cancel your 35-month enlisted extension; the Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. However, the Board concluded that on 17 February 2021, you were issued BUPERS order: with required obligated service to January 2027. On 10 March 2021, you signed an agreement to extend enlistment for 35 months to meet the OBLISERV. On 30 April 2021, you transferred from . You assert in NAVPERS 1306/7 that you did not execute follow on orders and schools for pre-commissioning ship (good crew). In this connection, the Board substantially concurred with the comments contained in the advisory opinion.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.
