BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

█  
Docket No. 7602-23

Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three member panel of the Board, sitting in executive session, considered your application on 8 November 2023. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You enlisted in the Navy and began a period of active duty on 14 August 1991. Unfortunately, the documents pertinent to your administrative separation are not in your official military personnel file (OMPF). Notwithstanding, the Board relies on a presumption of regularity to support the official actions of public officers and, in the absence of substantial evidence to the contrary, will presume that they have properly discharged their official duties. Based on the information contained on your Certificate of Release or Discharge from Active Duty (DD Form 214), you were separated from the Navy, on 17 June 1992, with an "Under Other Than Honorable (OTH) Conditions" characterization of service, your narrative reason

for separation is "Misconduct - Commission of a Serious Offense," your reenlistment code is "RE-4," and your separation code is "HKQ," which corresponds to misconduct due to commission of a serious offense.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to change your discharge character of service and contentions that you were unaware that the phone card you used was illegally obtained and you repaid the debt prior to your discharge. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded your potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your administrative discharge for misconduct due to commission of a serious offense, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and concluded your misconduct showed a complete disregard for military authority and regulations. The Board also considered the likely negative impact your conduct had on the good order and discipline of your command. Further, the Board found that your misconduct was intentional and made you unsuitable for continued naval service. Furthermore, The Board also determined that the evidence of record did not demonstrate that you were not responsible for your conduct or that you should otherwise not be held accountable for your actions. Finally, the Board noted that you did not provide any evidence, other than your statement, to substantiate your contention. As a result, the Board determined your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

11/29/2023
