1. Pursuant to the provisions of reference (a), Subject, hereinafter referred to as Petitioner, filed enclosure (1) with the Board for Correction of Naval Records (Board), requesting that his naval record be corrected to cancel operative/non-operative extension and show Petitioner reenlisted on 25 September 2022 for 3 years and was eligible for and received a Selective Reenlistment Bonus (SRB).

2. The Board, consisting of ██████████, and ██████████ reviewed Petitioner's allegations of error and injustice on 2 November 2023 and pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. 3. Before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulations within the Department of the Navy. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice, finds as follows:

o. In the advisory opinion, attached as enclosure (2), the office having cognizance over the subject matter addressed in Petitioner's application has commented to the effect that the request has merit and warrants favorable action.

CONCLUSION

Upon review and consideration of all the evidence of record, and especially in light of the contents of enclosure (2), the Board finds the existence of an injustice warranting the following corrective action. The Board concluded that on 13 May 2021, Petitioner was issued official modification to change duty orders (BUPERS order: 0671) with required obligated service to November 2024. At that time, a Zone B SRB was authorized in accordance with reference (c); however, Petitioner was still in Zone A. On 21 June 2021, NSIPS/ESR shows a 13-month agreement to extend enlistment to meet the OBLISERV. On 21 September 2021, Petitioner entered Zone B. The Board determined that Petitioner should have signed a NAVPERS 1070/613 vice extension reenlistment. On 25 September 2022, Petitioner would have been eligible to reenlist for 3 years and receive a Zone B SRB.

RECOMMENDATION

That Petitioner's naval record be corrected, where appropriate, to show that:

Petitioner's 13-month agreement to extend enlistment (NAVPERS 1070/621) executed on 21 June 2021 is null and void.

Petitioner executed an Administrative Remarks (NAVPERS 1070/613) on 21 June 2021 agreeing to extend enlistment for 13 months for OBLISERV to November 2024.

Petitioner was discharged on 24 September 2022 and reenlisted on 25 September 2022 for a term of 3 years.

Note: This change will entitle the member to a Zone "B" SRB with an award level of "9.5" (\$100,000 award ceiling) for the ETN(SS)/N13S rate/NEC. Remaining obligated service to 20 October 2023 will be deducted from SRB computation. Furthermore, that any other entries affected by the Board's recommendation be corrected. Contact Assistant Nuclear Enlisted Program Manager, N133D, [REDACTED] concerning SRB payment.

A copy of this report of proceedings will be filed in Petitioner's naval record.

4. It is certified that a quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above-entitled matter.

5. Pursuant to the delegation of authority set out in Section 6(e) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulations, Section 723.6(e)), and having assured compliance with its provisions, it is hereby announced that the foregoing corrective action, taken under the authority of the reference, has been approved by the Board on behalf of the Secretary of the Navy.
