

**DEPARTMENT OF THE NAVY**  
BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

█  
Docket No. 8488-23  
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 25 October 2023. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You entered active duty with the Navy on 22 January 1982. On 31 August 1983, you received non-judicial punishment (NJP) for disobeying a lawful order, assault, and breach of peace. On 8 September 1983, you were formerly counseled on your alcohol abuse as evidenced by a bus fight. On 19 April 1984, you received NJP for being drunk on duty. On 26 April 1984, you were formerly counseled on your alcohol consumption and problem with getting up for quarters on time. On 24 May 1984 and 10 July 1984, you received NJP for two specifications of unauthorized absence (UA). On 4 April 1985, you received NJP for wrongful use of marijuana. On 13 April 1985, you received NJP for wrongful use of cocaine. Subsequently, you were notified of pending administrative separation action by reason drug abuse and pattern of misconduct/frequent involvement with military authorities. After you waived your rights, your commanding officer (CO) forwarded your package to the separation authority (SA) recommending your discharge with an Other Than Honorable (OTH) characterization of service.

The SA approved the CO's recommendation and directed an OTH characterization of service by reason of misconduct due to a pattern of misconduct/frequent involvement with military authorities. On 18 June 1985, you were so discharged.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and contention that you have been trouble free with no involvement with authorities since your discharge. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJPs, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it involved two drug offenses. The Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. The Board noted that illegal drug use in any form is still against Department of Defense regulations and not permitted for recreational use while serving in the military. Further, the Board noted you submitted no evidence to substantiate your contention. As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

11/7/2023
