Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 17 January 2024. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You entered active duty with the Marine Corps on 24 April 1995. Prior to enlisting into the Marine Corps, you received a pre-service drug waiver. On 18 October 1996, you were formerly counseled on driving under the influence (DUI). On 7 April 1997, you received non-judicial punishment (NJP) for failure to obey a lawful order and wrongfully driving while on base revocation. On 2 February 1998, you tested positive for cocaine on a random urinalysis. On 17 March 1998, you received an evaluation from the Substance Abuse Counseling Center, which determined you required no treatment and recommended administrative separation. On 24 April 1998, a summary court martial (SCM) convicted you of wrongful use of cocaine. As a result, you were notified of pending administrative separation action by reason of misconduct due to drug abuse. After electing to waive your rights, your commanding officer (CO) forwarded your package to the separation authority (SA) recommending your discharge by reason of misconduct due to drug abuse with an Other Than Honorable (OTH) characterization of service. The SA approved the CO's recommendation and, on 14 June 1998, you were so discharged.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and contentions that you have been sober and active with Alcohol Anonymous, Celebrate Recovery and Welcome Home organizations, and you would like to receive veterans' benefits. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined your misconduct as evidenced by your NJP and SCM, outweighed the potential mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it involved a drug offense. The Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. The Board noted that illegal drug use in any form is still against Department of Defense regulations and not permitted for recreational use while serving in the military. The Board also considered the likely negative impact your conduct had on the good order and discipline of your command. Further, absent a material error or injustice, the Board declined to summarily upgrade a discharge solely for the purpose of facilitating veterans' benefits, or enhancing educational or employment opportunities. As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. While the Board commends your post-discharge good character and conduct, even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants upgrading your characterization of service. Accordingly, given the totality of the circumstances, the Board determined your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

2/6/2024
