Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your case on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 23 February 2024. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice, or clemency determinations (Wilkie Memo).

You enlisted in the Marine Corps and commenced a period of active duty on 25 September 1980. On 3 June 1981, you received non-judicial punishment (NJP) for wrongfully possessing marijuana paraphernalia containing traces of marijuana. You were placed on urinalysis surveillance from 11 September 1981 to 29 December 1982. During that time, you were charged with possession of marijuana. On 14 February 1983, you received NJP for unauthorized absence (UA) from your appointed place of duty. Consequently, you were notified of the initiation of administrative separation proceedings as a result of misconduct due to drug abuse. You waived your right to consult with counsel and to a hearing before an administrative discharge board. Subsequently, the separation authority approved and directed your discharge, with an Other Than Honorable (OTH) character of service by reason of misconduct due to drug abuse. On 25 March 1983, you were so discharged.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to your desire to upgrade your characterization of service and your contentions that it has been 40 years since your discharge due to drug use and you have been a

contributing citizen since your discharge. For purposes of clemency and equity consideration, the Board noted you did not provide documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded your potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJPs and drug related conduct, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and found that your conduct showed a complete disregard for military authority and regulations. Further, the Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. The Board noted that marijuana use in any form is still against Department of Defense regulations and not permitted for recreational use while serving in the military. Finally, the Board considered that you were given multiple opportunities to correct your conduct deficiencies but chose to continue to commit misconduct. As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

3/13/2024
