UNITED STATES AIR FORCE BOARD FOR CORRECTION OF MILITARY RECORDS

ADDENDUM TO RECORD OF PROCEEDINGS

IN THE MATTER OF:

DOCKET NUMBER: BC-2021-01255-2

Work-Product

COUNSEL: NONE

HEARING REQUESTED: NO

APPLICANT'S REQUEST

The Board reconsider his request for reinstatement of his unused deferred Consecutive Overseas Tour (COT) leave entitlement for his assignment from Soto Cano Air Base (AB) to Royal Air Force (RAF) Mildenhall.

RESUME OF THE CASE

The applicant is a currently serving Air Force technical sergeant (E-6).

On 14 Sep 21, the Board considered and approved his request to show that his COT/IPCOT entitlement reflect "Member and/or Dependents Command Sponsored at the previous Overseas Location is/are authorized government funded travel from Deferred COT location (Mildenhall) to his Home of Record. This reinstated entitlement is to be utilized before the end of Fiscal Year 2022." In this regard, the Board concurred with AFPC/DP2SSM that due to the COVID-19 travel restrictions, the applicant was unable to take his approved deferred COT entitlement before the end of his overseas tour.

For an accounting of the applicant's original request and the rationale of the earlier decision, see the AFBCMR Letter and Record of Proceedings at Exhibit E.

On 23 Jan 23, the Secretary of the Air Force Military Review Boards (SAF/MRB) agency Senior Legal Advisor provided new evidence in the form of an advisory opinion and recommended that the case be reopened for reconsideration by the Board due to a mistake of law contained in the AFPC/DP2SSM advisory.

On 28 Feb 23, the case was reopened as a request for reconsideration based on the findings of SAF/MRB Legal.

For more information, see the advisory at Exhibit F.

AIR FORCE EVALUATION

SAF/MRB Legal recommends denying the application. There is no evidence the applicant's record was corrected as previously ordered by the Board. Due to COVID-19 travel restrictions, the applicant was unable to use his deferred Consecutive Overseas Tour (COT) leave entitlement for his Permanent Change of Station (PCS) from Sato Cano Air Base, Honduras to RAF Mildenhall, United Kingdom prior to his departure from RAF Mildenhall to McChord Air Force Base, Washington in 2021. Pursuant to paragraph 6.3.2. of AFI 36-3003, *Military Leave Program*

(24 Aug 20), members have until the end of their new tour to use the COT leave travel and transportation allowances. Otherwise, the allowance expires.

Due to the travel restrictions in place during the COVID-19 pandemic, no error occurred when the applicant was prohibited from using his COT leave entitlement before his departure from RAF Mildenhall in 2021. Furthermore, the applicant's inability to use his COT leave entitlement is not an injustice because everyone lived by the same rules at the time. The COVID-19 pandemic adversely affected the lives of nearly everyone in some way or another, but that does not constitute an injustice. Injustice is treatment by the military authorities, that shocks the sense of justice, but is not technically illegal. *Reale v. United States*, 28 Ct Cl. 1010 (1976) (citing *Yee v. United States*, 206 Ct. Cl. 388, 512 F. 2d 1383 (1975)). The military requires its members to obey rules in an effort to preserve good order and discipline. The enforcement of COVID-19 travel restrictions during the pandemic does not shock the sense of justice. COVID-19 travel restrictions applied to all military members and their dependents at the time that the applicant was unable to use his deferred COT leave entitlement. As such, there is no evidence of an error or injustice in this case.

Moreover, the board is limited in its ability to provide relief (if desired) and is legally limited by nature of the entitlement itself. COT is only available while the member is overseas. While the board can change history to make a member eligible for a pay or benefit, the board cannot create an entitlement that is contrary to law or regulations.

The complete advisory opinion is at Exhibit F.

APPLICANT'S REVIEW OF AIR FORCE EVALUATION

The Board sent a copy of the advisory opinion to the applicant on 1 Mar 23 for comment (Exhibit G), but has received no response.

FINDINGS AND CONCLUSION

1. The application was timely filed.
2. The applicant exhausted all available non-judicial relief before applying to the Board.
3. After reviewing all Exhibits, the Board has been convinced the evidence presented does not demonstrate an error or injustice. The Board concurs with the rationale and recommendation of SAF/MRB Legal Advisor and finds a preponderance of the evidence does not substantiate the applicant's contentions. The Board recognized that while the applicant's situation is unfortunate, it is not different than similarly situated Airmen who were all hindered by COVID-19 travel restrictions. As such, these restrictions were put in place for the safety and well-being of Airmen and the fact that the applicant was unable to use their COT entitlement due to the restrictions is not an error or an injustice. Therefore, the Board recommends against correcting the applicant's records.

RECOMMENDATION

The Board recommends informing the applicant the evidence did not demonstrate material error or injustice, and the Board will reconsider the application only upon receipt of relevant evidence not already presented.
