UNITED STATES AIR FORCE BOARD FOR CORRECTION OF MILITARY RECORDS

RECORD OF PROCEEDINGS

IN THE MATTER OF:

DOCKET NUMBER: BC-2023-03213

Work-Product

COUNSEL: NONE

HEARING REQUESTED: NO

APPLICANT'S REQUEST

Her DD Form 214, *Certificate of Release or Discharge from Active Duty*, block 18, *Remarks*, reflect time spent on active duty from 31 August 2015 to 13 June 2023 was on Title 10 orders.

APPLICANT'S CONTENTIONS

Her current DD Form 214 reflects the periods she was on active orders; however, it does not state she was on Title 10 orders. The Department of Veterans Affairs (DVA) requires this to be stated on the DD Form 214 for health care purposes.

The applicant's complete submission is at Exhibit A.

STATEMENT OF FACTS

The applicant is a currently serving Air Force Reserve (AFR) master sergeant (E-7).

On 31 August 2015, according to DD Form 215, the applicant entered active duty and on 13 June 2023, she was honorably released from active duty in the grade of master sergeant and transferred to the AFR. She served 7 years, 9 months and 13 days total active service; 1 year, 5 months and 27 days prior active service; and was credited with 5 years, 10 months and 28 days total prior inactive service. The narrative reason for separation reflects "Completion of Required Active Service."

For more information, see the excerpt of the applicant's record at Exhibit B and the advisory at Exhibit C.

AIR FORCE EVALUATION

ARPC/DPTS recommends denying the application. There is no error or injustice to the existing DD Form 214 and creation of a new DD Form 214 is not warranted. The Title 10 statement is only added to the remarks section for service members who served in support of a named contingency. The applicant's active duty time was in support of "Mandays" only. Should the applicant have official documentation supporting the contrary, please send it to ARPC/DPTS.

The complete advisory opinion is at Exhibit C.

APPLICANT'S REVIEW OF AIR FORCE EVALUATION

The Board sent a copy of the advisory opinion to the applicant on 12 February 2024 for comment (Exhibit D), but has received no response.

FINDINGS AND CONCLUSION

1. The application was timely filed.
2. The applicant exhausted all available non-judicial relief before applying to the Board.
3. After reviewing all Exhibits, the Board concludes the applicant is not the victim of an error or injustice. The Board concurs with the rationale and recommendation of ARPC/DPTS and finds a preponderance of the evidence does not substantiate the applicant's contentions. Therefore, the Board recommends against correcting the applicant's records.

RECOMMENDATION

The Board recommends informing the applicant the evidence did not demonstrate material error or injustice, and the Board will reconsider the application only upon receipt of relevant evidence not already presented.
