

AIR FORCE DISCHARGE REVIEW BOARD DECISIONAL DOCUMENT

FD-2023-00133

SUMMARY: The applicant was discharged on 30 September 2015 in accordance with Air Force Instruction 36-3208, *Administrative Separation of Airman* with a General Discharge for Misconduct (Drug Abuse). The applicant appealed for an upgrade of his discharge characterization.

The applicant was not represented by counsel.

The applicant requested the board be completed based on a records only review. The Board was conducted on 01 June 2023.

The attached examiner's brief (provided to applicant only), extracted from available service records, contains pertinent data regarding the circumstances and character of the applicant's military service.

DISCUSSION: The Air Force Discharge Review Board (AFDRB), under its responsibility to examine the propriety and equity of an applicant's discharge, is authorized to change the characterization of service and the narrative reason for discharge if such changes are warranted. If applicable, the board can also change the applicant's reenlistment eligibility code. In reviewing discharges, the board presumes regularity in the conduct of governmental affairs unless there is substantial credible evidence to rebut the presumption, to include evidence submitted by the applicant. The Board completed a thorough review of the circumstances that led to the discharge and the discharge process to determine if the discharge met the pertinent standards of equity and propriety.

The applicant's record of service included Summary Court-Martial order. His misconduct included: Wrongfully used cocaine.

The documentary evidence the Board considered as part of the review includes, but is not limited to the DD form 293, *Application for the Review of Discharge from the Armed Forces of the United States* and any additional documentation submitted by applicant and/or counsel; the applicant's personnel file from the Automated Records Management System (ARMS); and the Discharge Review Board (DRB) Brief detailing the applicant's service information and a summary of the case.

The applicant contended that the blood and urine he was ordered to give was authorized using forged signatures by OSI. He believes he was wronged by giving his blood and urine under false pretenses. The applicant believes his service was honorable and requests an upgrade to his discharge characterization.

The DRB reviewed the applicant's entire service record and found no evidence of impropriety or inequity to warrant an upgrade of the discharge. Despite the falsified signatures in order to obtain a warrant, the applicant admitted to the use of cocaine and plead guilty through a pretrial agreement. This admission alone is cause for discharge. The discharge was deemed appropriate.

FINDING: The Board voted unanimously to *deny* the applicant's request to upgrade his discharge characterization, to change the discharge narrative reason, and to change the reenlistment eligibility code.

Should the applicant wish to appeal this decision, the applicant must request a personal appearance before this Board before applying for relief to the Air Force Board for Correction of Military Records (AFBCMR). In accordance with DAFI 36-2603, *Air Force Board for Correction of Military Records*, all applicants before the AFBCMR must first exhaust available administrative avenues of relief before applying to the AFBCMR, otherwise their AFBCMR case will be administratively closed until such time that the

applicant avails themselves of the available avenue of relief. Therefore, should the applicant wish to appeal this decision, they must first exercise their right to make a personal appearance before the AFDRB.

CONCLUSION: After a thorough review of the available evidence, to include the Applicant's issues, summary of service, service/medical record entries, and discharge process, the Board found the discharge was proper and equitable. Therefore, the awarded characterization of service shall remain "General," the narrative reason for separation shall remain to "Misconduct (Drug Abuse)," and the reentry code shall remain to "2B." The AFDRB results were approved by the board president on 06 July 2023.
