

**SUMMARY:** The Applicant was discharged on 01 October 2022 in accordance with Air Force Instruction 36-3208, Administrative Separation of Airmen, with an Honorable discharge for Miscellaneous-General Reasons. The Applicant appealed for a change to the discharge narrative reason and a change to the separation code.

The Applicant requested the Board be completed based on a records only review. The Board was conducted on 09 October 2024. The Applicant was not represented by counsel.

The attached examiner's brief (provided to applicant only), extracted from available service records, contains pertinent data regarding the circumstances and character of the Applicant's military service.

**DISCUSSION:** The Discharge Review Board (DRB), under its responsibility to examine the propriety and equity of an applicant's discharge, is authorized to change the characterization of service and the narrative reason for discharge if such changes are warranted. If applicable, the Board can also change the Applicant's reentry code. In reviewing discharges, the Board presumes regularity in the conduct of governmental affairs unless there is substantial credible evidence to rebut the presumption, to include evidence submitted by the Applicant. The Board completed a thorough review of the circumstances that led to the discharge and the discharge process to determine if the discharge met the pertinent standards of equity and propriety.

The documentary evidence the Board considered as part of the review includes, but is not limited to the DD Form 293, *Application for the Review of Discharge from the Armed Forces of the United States*, and any additional documentation submitted by applicant and/or counsel; the Applicant's personnel file from the Automated Records Management System (ARMS); and the DRB Brief detailing the Applicant's service information and a summary of the case.

The Applicant made no contentions. A review of the applicant's record revealed he applied for a religious accommodation to exempt him from receiving the COVID-19 vaccine, which was subsequently denied by the Applicant's MAJCOM and the DAF Surgeon General. Based on the denial, he applied for voluntary separation from the Air Force and was approved to separate under miscellaneous reasons. He now requests his separation code and narrative reason be upgraded.

Although the Applicant's separation from the Air Force was voluntary, the Board reviewed the Applicant's entire service record and determined that his separation was based solely on his refusal to comply with the COVID-19 vaccine mandate and denial of his religious accommodation request. Based on current Department of Defense (DoD) and Department of the Air Force (DAF) policies, The Board concluded the basis for which the Applicant sought voluntary separation and his subsequent discharge were inequitable. In accordance with DoD Instruction 1332.28, *Discharge Review Board (DRB) Procedures and Standards*, "A discharge shall be deemed to be equitable unless:

E4.3.1. In a discharge review, it is determined that the policies and procedures under which the Applicant was discharged differ in material respects from those currently applicable on a Service-wide basis to discharges of the type under consideration provided that:

E4.3.1.1. Current policies or procedures represent a substantial enhancement of the rights afforded a respondent in such proceedings; and

E4.3.1.2. There is substantial doubt that the Applicant would have received the same discharge if relevant current policies and procedures had been available to the Applicant at the time of the discharge proceedings under consideration.

E4.3.2. At the time of issuance, the discharge was inconsistent with standards of discipline in the Military Service of which the Applicant was a member.

E4.3.3. In the course of a discharge review, it is determined that relief is warranted based upon consideration of the Applicant's service record and other evidence presented to the DRB viewed in conjunction with the factors listed in this paragraph and the regulations under which the Applicant was discharged, even though the discharge was determined to have been otherwise equitable and proper at the time of issuance.”

In this case, the Board considered the differences in the DoD’s current COVID-19 policies and those in effect at the time of the Applicant’s separation. The Secretary of Defense rescinded the 24 August 2021 and the 30 November 2021 COVID-19 Vaccination Policy Memoranda, effective 10 January 2023, as required by the National Defense Authorization Act for Fiscal Year 2023. The DAF is no longer discharging members solely for refusing to receive the COVID-19 vaccine because of service-wide policy changes. Thus, while the Board concluded that voluntary and involuntary separation actions were taken in accordance with valid lawful policy in effect at the time, the Board determined the Applicant had a basis for a correction to his record based on equity standards due to the changes in law and policy. Per guidance from the Secretary of the Air Force, former DAF service members may petition the Air Force Discharge Review Board (AFDRB) to individually request a correction to their personnel records, including the characterization of their discharge.

**FINDING:** The DRB voted unanimously to *approve* the Applicant’s request to change the discharge narrative reason and to change the separation code and also voted unanimously to *approve* changing the Applicant’s reentry code.

**CONCLUSION:** After a thorough review of the available evidence, to include the Applicant’s issues, summary of service, service/medical record entries, and discharge process, the Board found the discharge was inequitable. Therefore, the narrative reason for separation and associated separation code shall change to “Secretarial Authority,” and the reentry code shall change to “1J.” The Air Force DRB (AFDRB) results were approved by the Presiding Officer on 27 October 2024. If desired, the Applicant can request a list of the Board members and their votes by writing to:
