

**SUMMARY:** The Applicant was discharged on 11 September 2021 in accordance with Air Force Instruction 36-3208, *Administrative Separation of Airmen*, with an Honorable Discharge for Expiration of Enlistment. The Applicant appealed for a change to the reentry code.

The Applicant requested the Board be completed based on a records only review. The Board was conducted on 1 August 2024. The Applicant was not represented by counsel.

The attached examiner's brief (provided to applicant only), extracted from available service records, contains pertinent data regarding the circumstances and character of the Applicant's military service.

**DISCUSSION:** The Discharge Review Board (DRB), under its responsibility to examine the propriety and equity of an applicant's discharge, is authorized to change the characterization of service and the narrative reason for discharge if such changes are warranted. If applicable, the Board can also change the Applicant's reentry code. In reviewing discharges, the Board presumes regularity in the conduct of governmental affairs unless there is substantial credible evidence to rebut the presumption, to include evidence submitted by the Applicant. The Board completed a thorough review of the circumstances that led to the discharge and the discharge process to determine if the discharge met the pertinent standards of equity and propriety.

The documentary evidence the Board considered as part of the review includes, but is not limited to the DD Form 293, *Application for the Review of Discharge from the Armed Forces of the United States*, and any additional documentation submitted by applicant and/or counsel; the Applicant's personnel file from the Automated Records Management System (ARMS); and the DRB Brief detailing the Applicant's service information and a summary of the case.

The Applicant requested a correction to their record in hopes of obtaining a commission in the military service.

The DRB determined the Applicant's primary concern appears to be the reentry code "6G" assigned at the time of discharge. However, according to DAFI 36-2606, Table 12.3, a "6G" reentry code does not bar reenlistment. The Board confirmed that the Applicant remains eligible to reenlist, making the requested correction unnecessary. The current reentry code already supports the Applicant's stated goal of obtaining a commission in the military service. The current characterization, narrative reason, and reentry code accurately reflect the circumstances of the Applicant's discharge, and there is no basis for granting the requested relief.

Additionally, the Board considered the factors laid out in the attachment to the Under Secretary of Defense memorandum, *Guidance to Military Discharge Review Boards and Boards for Correction of Military/Naval Records Regarding Equity, Injustice, or Clemency Determinations*, dated 25 June 2018, known as the "Wilkie Memo." The Board considered the factors listed in paragraphs (6)(a)-(6)(l) and (7)(a)-(7)(r) of this memorandum and found no evidence of inequity or impropriety.

**FINDING:** The DRB voted unanimously to **deny** the Applicant's request to upgrade their discharge characterization, to change the discharge narrative reason, and to change the reentry code.

Should the Applicant wish to appeal this decision, the Applicant must request a personal appearance before this Board before applying for relief to the Air Force Board for Correction of Military Records (AFBCMR). In accordance with DAFI 36-2603, *Air Force Board for Correction of Military Records*, all applicants before the AFBCMR must first exhaust available administrative avenues of relief before applying to the AFBCMR,

otherwise their AFBCMR case will be administratively closed until such time that the Applicant avails themselves of the available avenue of relief. Therefore, should the Applicant wish to appeal this decision, they must first exercise their right to make a personal appearance before the AFDRB.

**CONCLUSION:** After a thorough review of the available evidence, to include the Applicant's issues, summary of service, service/medical record entries, and discharge process, the Board found the discharge was proper and equitable. Therefore, the awarded characterization of service shall remain "Honorable," the narrative reason for separation shall remain "Expiration of Enlistment," and the reentry code shall remain "6G." The Air Force DRB (AFDRB) results were approved by the Presiding Officer on 16 September 2024. If desired, the Applicant can request a list of the Board members and their votes by writing to:
