I certify that herein is recorded the true and complete record of the proceedings of the Army Board for Correction of Military Records in this case.

REFERENCES:

1. Army Regulation 135-180 (Retirement for Non-Regular Service) prescribes policies and procedures governing non-regular retirement. After 30 June 1949, a Reservist must earn a minimum of 50 retirement points each retirement year to have that year credited as qualifying service. Only Soldiers assigned to an active status in a RC or individuals in active Federal service are authorized to earn retirement point credits. When a person is in an active status for a period less than a full retirement year, a minimum number of retirement points are required to be earned to have that period credited as qualifying service.

2. Army Regulation 140-185 (Training and Retirement Point Credits and Unit Level Strength Accounting Record) sets responsibilities and procedures to retirement records prescribing the types of training and activities for which retirement points are authorized. The criteria for establishing the service requirement for a satisfactory year of service for non-regular retirement per DODI 1215.07 and changing the anniversary year ending date are as follows:

a. Paragraph 3-3(a) states the purpose of the DA Form 1380 is to record IDT by:

(1) TPU Soldiers performing IDT assemblies when pay is authorized, and the Soldier is not present to sign the IDT attendance roster.

(2) TPU Soldiers attached to another USAR unit for 89 or fewer days. In such cases the unit of attachment will prepare DA Form 1380 and forward to unit of assignment for recording attendance.

(3) Non-unit Soldiers under the jurisdiction of HRC who are attached for retirement points only to USAR TPUs, ARNG units, or to another Service or component for training per AR 140-10. Only attached Soldiers are authorized to perform IDT except for one annual physical health assessment each for medical and dental readiness when authorized by the command prior to the event. Note: Non-unit Soldiers attached for retirement point credit to IMA detachments are reported on DA Form 1379 for those units.

(4) Non-unit Soldiers performing other inactive duty training for retirement point credit as outlined in table 2-3.

b. Paragraph 3-3(b) provides that a DA Form 1380 will be prepared for a unit Soldier who performs equivalent training or additional training with their unit subsequent to the scheduled BA. TPU units will retain one copy of the DA Form 1380 to post the appropriate entry into ADARS for the month's report and then place in the appropriate Army records information management system file. Non-paid DA Forms 1380 will not be

entered into ADARS and will be forwarded to HRC for award of retirement points no later than the end of each duty month. DA Form 1380 will be scanned into the Soldier's iPERMS by the unit of assignment per AR 600-8-104.
