IN THE CASE OF:

BOARD DATE: 18 January 2024

DOCKET NUMBER: AR20230006575

<u>APPLICANT REQUESTS:</u> Upgrade of his bad conduct discharge (BCD) to under honorable conditions (general) or honorable.

APPLICANT'S SUPPORTING DOCUMENT(S) CONSIDERED BY THE BOARD:

DD Form 149 (Application for Correction of Military Record)

FACTS:

- 1. The applicant did not file within the 3-year time frame provided in Title 10, U.S. Code, Section 1552(b); however, the Army Board for Correction of Military Records (ABCMR) conducted a substantive review of this case and determined it is in the interest of justice to excuse the applicant's failure to timely file.
- 2. The applicant states that at the time he was stationed in Germany, he was a naive, impressionable youth and had a local girlfriend who had gotten him involved with drugs. He realizes the mistake he had made at that time, and since then he has lived a clean, faithful, and productive life. For the last 42 years he has made a commitment to prove he is an upstanding, law-abiding citizen. He asks the Board to grant an upgrade as validation of his efforts and success in achieving this goal.
- 3. On 13 November 1979, the applicant enlisted in the Regular Army for 3 years. Upon completion of training, he was awarded military occupational specialty 64C (Motor Transport Operator).
- 4. Before a special court-martial on 14 July 1981, at Schweinfurt, Germany, the applicant was found guilty of six specifications of wrongfully possessing, transferring, or selling some amount of marijuana in the hashish form on two separate occasions.
- 5. The court sentenced him to a BCD, reduction to the grade of E-1, confinement at hard labor for four months. The sentence was approved on 26 August 1981, and the record of trial was forwarded for appellate review.
- 6. On 28 September 1981, the applicant was placed on excess leave.

- 7. The U.S. Army Court of Military Review affirmed the findings and sentence on 4 December 1981.
- 8. Special Court-Martial Order 408, issued by the U.S. Disciplinary Barracks, U.S. Army Combined Arms Center, Fort Leavenworth, KS, on 26 July 1982 noted that the applicant's sentence had been affirmed and ordered the BCD duly executed.
- 9. The applicant was discharged on 20 August 1982. His DD Form 214 (Certificate of Release or Discharge from Active Duty) confirms he was discharged under the provisions of Army Regulation 635-200 (Personnel Separations Enlisted Personnel), paragraph 11-2, as a result of court-martial. His service was characterized as bad conduct. He was credited with 2 years, 5 months, and 26 days of net active service this period with 75 days of time lost.
- 10. Court-martial convictions stand as adjudged or modified by appeal through the judicial process. In accordance with Title 10, U.S. Code, Section 1552, the authority under which this Board acts, the ABCMR is not empowered to set aside a conviction. Rather, it is only empowered to change the severity of the sentence imposed in the court-martial process and then only if clemency is determined to be appropriate. Clemency is an act of mercy or instance of leniency to moderate the severity of the punishment imposed.
- 11. In reaching its determination, the Board can consider the applicant's petition, arguments and assertions, and service record in accordance with the published equity, injustice, or clemency guidance.

BOARD DISCUSSION:

The Board carefully considered the applicant's request, evidence in the records, and published Department of Defense guidance for consideration of discharge upgrade requests. The Board considered the applicant's statement, his record of service, the frequency and nature of his misconduct, the reason for his separation, and whether to apply clemency. The Board found insufficient evidence of in-service mitigating factors and the applicant provided no evidence of post-service achievements or letters of reference in support of a clemency determination. Based on a preponderance of the evidence, the Board determined the character of service the applicant received upon separation was not in error or unjust.

BOARD DETERMINATION/RECOMMENDATION:

The evidence presented does not demonstrate the existence of a probable error or injustice. Therefore, the Board determined the overall merits of this case are insufficient as a basis for correction of the records of the individual concerned.

I certify that herein is recorded the true and complete record of the proceedings of the Army Board for Correction of Military Records in this case.

REFERENCES:

- 1. Title 10, U.S. Code, Section 1552(b), provides that applications for correction of military records must be filed within 3 years after discovery of the alleged error or injustice. This provision of law also allows the ABCMR to excuse an applicant's failure to timely file within the 3-year statute of limitations if the ABCMR determines it would be in the interest of justice to do so.
- 2. Army Regulation 635-200 sets forth the basic authority for the separation of enlisted personnel. The version in effect at the time provided that:
- a. An honorable discharge is a separation with honor and entitles the recipient to benefits provided by law. The honorable characterization is appropriate when the quality of the member's service generally has met the standards of acceptable conduct and

performance of duty for Army personnel or is otherwise so meritorious that any other characterization would be clearly inappropriate.

- b. A general discharge is a separation from the Army under honorable conditions. When authorized, it is issued to a Soldier whose military record is satisfactory but not sufficiently meritorious to warrant an honorable discharge.
- c. Chapter 11, paragraph 11-2, provided that a member would be given a BCD pursuant only to an approved sentence of a general court-martial or special court-martial, after completion of appellate review, and after such affirmed sentence has been ordered duly executed.
- 3. Court-martial convictions stand as adjudged or modified by appeal through the judicial process. In accordance with Title 10, U.S. Code, Section 1552, the authority under which this Board acts, the ABCMR is not empowered to set aside a conviction. Rather, it is only empowered to change the severity of the sentence imposed in the court-martial process and then only if clemency is determined to be appropriate. Clemency is an act of mercy or instance of leniency to moderate the severity of the punishment imposed.
- 4. On 25 July 2018, the Under Secretary of Defense for Personnel and Readiness issued guidance to Military Discharge Review Boards and Boards for Correction of Military/Naval Records (BCM/NR) regarding equity, injustice, or clemency determinations. Clemency generally refers to relief specifically granted from a criminal sentence. BCM/NRs may grant clemency regardless of the type of court-martial. However, the guidance applies to more than clemency from a sentencing in a court-martial; it also applies to other corrections, including changes in a discharge, which may be warranted based on equity or relief from injustice.
