DOCKET NUMBER: AR20230007906

APPLICANT'S SUPPORTING DOCUMENT(S) CONSIDERED BY THE BOARD:

- DD Form 149 (Application for Correction of Military Record)
- DA Form 1380, Record of Individual Performance of Reserve Duty Training)
- DA Form 5016 (Chronological Statement of Retirement Points)

FACTS:

1. The applicant states there is 1 retirement point that cannot be processed and added to her file thru her chain of command because of a transition in administrative processing systems. The retirement point listed on her DA Form 1380 was performed during the brown-out phase of the transition to Integrated Personnel and Pay System (IPPS-A). Although the DA1380 was submitted once IPPS-A went live, the system is not allowing the processing of points prior to 14 November 2022. The duty date for which she completed 1 retirement point was on 4 November 2022. She was directed to this Board by chain of command as a means to remedy this issue.

2. Review of the applicant's service records shows:

a. She had prior enlisted service in the U.S. Army Reserve with multiple periods of active duty. She was appointed a Reserve commissioned officer of the Army and executed an oath of office on 11 January 2018.

b. She entered active duty for training from 15 July 2019 to 20 September 2019 and completed the Basic Officer Leader Course. She was promoted to captain in July 2023.

3. She provides a DA Form 1380, dated 4 November 2022 for duties performed on 4 November 2022, Code N-1, retirement points only. Her commander signed the form on the same date.

4. The applicant’s DA Form 5016 (Retirement Accounting Statement) dated 9 February 2024 shows the applicant completed 16 qualifying years of service towards non-regular retirement. A breakdown of her retirement points for the relevant period is as follows:

5. The U.S. Army Reserve Command provided and advisory opinion on 6 November 2023, recommending approval. The advisory official reviewed the applicant’s documents and determined she should be awarded one (1) point based off Army Regulation (AR) 140-185; Army Reserve - Training and Retirement Point Credits and Unit Level Strength Accounting Records. Full administrative relief granted.

6. The applicant was provided with a copy of this advisory opinion to give her an opportunity to submit comments and/or additional documents. She did not respond.

BOARD DISCUSSION:

After reviewing the application, all supporting documents, and the evidence found within the military record, the Board found that relief was warranted. The Board carefully considered the applicant's record of service, documents submitted in support of the petition and executed a comprehensive and standard review based on law, policy and regulation. Upon review of the applicant’s petition, available military records and U.S. Army Reserve Command- Soldier Programs Branch advisory opinion, the Board concurred with the advising official recommendation for approval finding the applicant should be awarded one (1) point in accordance with regulatory guidance. The Board determined there is sufficient evidence to support the applicant contentions for credit of 1 retirement point and correction of her DA Form 5016 (Chronological Statement of Retirement Points) to add this retirement point. As such, the Board granted relief.
