FACTS:

1. The applicant states she requests to be awarded 76 non-paid retirement points for the retirement year ending 7 February 2023. The duty was performed in good faith. The originals were submitted in a timely manner; however, they were not processed due to failed process and multiple personnel turn overs. The primary Active Guard/Reserve (AGR) Soldier who processed DA Forms 1380 had transferred to another unit, leaving her computer with the unit. The successor AGR advised she lost many of her records when her computer failed and was re-imaged. She turned in her unit computer when she left the unit, and she also deleted many emails because of the sensitive nature of her position and because the webmail was near full. The Reserve Personnel Action Center switched tracking systems and began using the Integrated Personnel and Pay System-Army (IPPS-A) in December 2022, effectively erasing almost all actions with exception of very basic military actions like promotions, awards, and unit transfers.

2. A review of the applicant's service record shows:

a. With prior enlisted and commissioned service in the U.S. Air Force, U.S. Air Force Reserve, and Air National Guard, the applicant executed her oath of office and was appointed a Reserve commissioned officer in the rank of major, effective 9 November 2015.

b. On 19 November 2015, Orders Number C-11-516275, issued by the U.S. Army Human Resources Command (HRC), the applicant was appointed and assigned to a U.S. Army Reserve (USAR) Troop Program Unit (TPU), effective 9 November 2015.

4. On 3 November 2023, in the processing of this case, HQs, U.S. Army Reserve Command provided an advisory opinion regarding the applicant's request to be awarded non-paid retirement points. The advisory official stated after a review of the applicant's documents it was determined she should be awarded 76 points. On 13 March 2024, the advisory official revised the advisory opinion by stating the applicant should be awarded 76 points as the applicant experienced delays in the processing of her DA Forms 1380 due to record systems and personnel changes. A favorable decision by the Board would allow the Readiness Divisions to update her retirement points for duty performed.

5. On 15 October 2023, the Army Review Boards Agency, Case Management Division provided the advisory opinion for review and comment. She did not respond.

BOARD DISCUSSION:

1. After reviewing the application, all supporting documents, and the evidence found within the military record, the Board found relief is warranted.

2. The Board concurred with the conclusion of the advisory official that processing delays resulted in the omission of earned retirement points in the applicant's record. Based on a preponderance of the evidence, the Board determined her record should be corrected by adding the retirement points documented on the DA Forms 1380 she provided in support of her application.

The Board determined the evidence presented is sufficient to warrant a recommendation for relief. As a result, the Board recommends that all Department of the Army records of the individual concerned be corrected by adding the 76 retirement points reflected on the DA Forms 1380 she provided in support of her application.

REFERENCES:

1. Army Regulation (AR) 140-1 (Mission, Organization, and Training), provides policy guidance on the mission, organization, and training of the U.S. Army Reserve (USAR). It does not contain guidance on preparation for order to active duty under a mobilization situation. Paragraph 3-11 (Equivalent training (ET)), ET is performed in lieu of scheduled training (either RST or, UTA or MUTA). Pay or retirement point credit or both is authorized. ET must be accomplished within 60-days after the training for which it is substituted, or by the end of the training year (fiscal year) if within 60-days of that date. An explanation of the circumstances will be included, with a statement that the ET, if granted, will not cause the Soldier to exceed the 48 paid unit assemblies for the fiscal year. a. ET is limited to Soldiers who have missed a UTA, MUTA, or RST due to unforeseen personal emergencies and desire to make it up. No more than 4 UTAs may

be made up during a fiscal year. b. ET given will be the same type and quality as the training missed. It will be appropriate to, and enhance the ability of, Soldiers to carry out their assigned duties. For staff or support personnel, this may include duty which enhances unit training, management, or readiness. c. ET must be at least as long as the training missed. d. ET will not be granted for assemblies missed due to ADT.

2. AR 140-185 (Training and Retirement Point Credits and Unit Level Strength Accounting Records), prescribes policy for U.S. Army Reserve (USAR) training and retirement point credit.

a. Paragraph 2-1 (Criteria for crediting retirement points), the limitations on the number of points which may be credited to a Soldier during a retirement year area. Maximum-365 (366 during leap year) points. Maximum 60 points for IDT points. However, Annual or Terminal Statement of Retirement Points will report all points earned. Retirement points credited for activities other than active service or funeral honors may not exceed 130 retirement points for anniversary years closing on or after 30 October 2007. IDT will be either 4-hours in length for one retirement point or 8-hours in length for two retirement points, with the exception of the 2 hour IDT funeral honors duty.

b. Paragraph 2-2 (Criteria for earning retirement points) states retirement points may be earned by U.S. Army Reserve Soldiers for active duty or duty in an active status for ADT, initial active duty for training (IADT), involuntary active duty for training (involuntary ADT), voluntary IDT, annual training (AT), IDT, membership points, and for other training of individual Soldier in a non-pay status.

c. Paragraph 2-4 (Criteria for awarding retirement points), personnel on AD, ADT, IADT, involuntary ADT, or AT are awarded 1 point for each calendar day they serve in one of these categories and may not be awarded additional points for other activities while in such status. Table 2-1 provides criteria for award of retirement points for IDT performed in accordance with AR 140-1 (unless another reference is cited). Most types of IDT are covered by one of the following rules on required duration of IDT and calendar day limitations on points.

- Four-hour rule; Soldiers earn one point for each scheduled 4-hour period of IDT at Battle Assembly, Rescheduled Training (RST), Equivalent Training, or Additional Training Assemblies
- Two-hour rule; Soldiers earn one point for each IDT period per day for funeral honors duty with a maximum of one point per calendar day
- Four/eight-hour rule; Soldiers earn one point for each 4-hour or greater period, award of a second point in the same day requires additional hours to bring the day's total to a minimum of 8-hours for a maximum of two points in 1 calendar day

d. Table 2-1 (Award of IDT retirement points) rule 10; performs staff and administrative duties as additional training for points only in support of Troop Program Unit activities as a Selected Reserve Soldier may be awarded points under the 4-hour/8-hour rule except for UTA/MUTA, RST, ET, make up assemblies or ATA.

e. Paragraph 3-3 (DA Form 1380), DA Form 1380 will be prepared for a unit Soldier who performs ET or additional training with their unit subsequent to the scheduled BA. TPU units will retain one copy of the DA Form 1380 to post the appropriate entry into ADARS for the month's report and then place in the appropriate Army records information management system file. Non-paid DA Forms 1380 will not be entered into ADARS and will be forwarded to HRC for award of retirement points no later than the end of each duty month.

f. Table 3-1 provides that the code "N" will be entered for RST. The code "N" indicates the Soldier is entitled to retirement point credit only.

3. Department of Defense Instruction (DoDI) 1215.07 (Service Credit for Non-Regular Retirement) states inactive duty may be credited for each attendance at an inactive duty training period. A maximum of 2 retirement points for attendance at inactive duty training periods or equivalent training, in any 1 calendar day. The Service member's participation is without payment other than the pay to which the Service member is entitled as a Reserve Component member. Credit no more than one retirement point for fewer than 8-hours.
