ARMY BOARD FOR CORRECTION OF MILITARY RECORDS

RECORD OF PROCEEDINGS

IN THE CASE OF:

BOARD DATE: 13 March 2024

DOCKET NUMBER: AR20230008588

<u>APPLICANT REQUESTS:</u> In effect, upgrade of his uncharacterized discharge to under honorable conditions (general) or honorable.

<u>APPLICANT'S SUPPORTING DOCUMENT(S) CONSIDERED BY THE BOARD:</u> DD Form 293 (Application for Review of Discharge)

FACTS:

1. The applicant did not file within the 3-year time frame provided in Title 10, U.S. Code, Section 1552(b); however, the Army Board for Correction of Military Records (ABCMR) conducted a substantive review of this case and determined it is in the interest of justice to excuse the applicant's failure to timely file.

2. The applicant did not provide a statement in support of his request.

3. The applicant enlisted in the Regular Army on 6 January 1999, for 4 years. His service record shows he neither completed training nor was awarded a military occupational specialty.

4. The applicant's record is void of a separation packet containing the specific facts and circumstances surrounding his discharge processing. However, Orders 153-0153, issued by Headquarters, U.S. Army Armor Center and Fort Knox, Fort Knox, KY on 2 June 1999, show the applicant was pending separation under the provisions of Army Regulation 635-40 (Personnel Separations –Physical Evaluation for Retention, Retirement, or Separation). Additionally, he had less than six months in the military and his percentage of disability was 10 percent (%).

5. The applicant was discharged on 7 June 1999. His DD Form 214 (Certificate of Release or Discharge from Active Duty) confirms he was discharged under the provisions of Army Regulation 635-40, paragraph 4-24B(3), based on disability, severance pay. His service was uncharacterized. He was assigned Separation Code JFL and Reentry Code 3. He was credited with 5 months and 2 days of net active service this period.

6. Soldiers are considered to be in an entry-level status when they are within their first 180 days of active duty service. The evidence of record shows the applicant was in an entry-level status at the time of his separation. As a result, his service was appropriately described as "uncharacterized" in accordance with governing regulations.

7. In reaching its determination, the Board can consider the applicant's petition, arguments and assertions, and service record in accordance with the published equity, injustice, or clemency guidance.

BOARD DISCUSSION:

1. After reviewing the application, all supporting documents, and the evidence found within the military record, the Board found that relief was not warranted. The Board carefully considered the applicant's record of service, documents submitted in support of the petition and executed a comprehensive and standard review based on law, policy and regulation, and published Department of Defense guidance for liberal and clemency determinations requests for upgrade of his characterization of service. Upon review of the applicant's petition and available military record, the Board determined the governing regulation provides that a separation will be described as an entry-level separation, with service uncharacterized, if the separation action is initiated while a Soldier is in entry-level status.

2. The applicant did not receive a military occupational specialty (MOS) he was discharged with an uncharacterized discharge based on disability; severance pay. As such, his DD Form 214 properly shows his service as uncharacterized. An uncharacterized discharge is not derogatory; it is recorded when a Soldier has not completed more than 180 days of creditable continuous active duty prior to initiation of separation. It merely means the Soldier has not served on active duty long enough for his or her character of service to be rated as honorable or otherwise. As a result, there is no basis for granting the applicant's request.

BOARD DETERMINATION/RECOMMENDATION:

The evidence presented does not demonstrate the existence of a probable error or injustice. Therefore, the Board determined the overall merits of this case are insufficient as a basis for correction of the records of the individual concerned.

I certify that herein is recorded the true and complete record of the proceedings of the Army Board for Correction of Military Records in this case.

REFERENCES:

1. Title 10, U.S. Code, Section 1552(b), provides that applications for correction of military records must be filed within 3 years after discovery of the alleged error or injustice. This provision of law also allows the ABCMR to excuse an applicant's failure to timely file within the 3-year statute of limitations if the ABCMR determines it would be in the interest of justice to do so.

2. Section 1556 of Title 10, U.S. Code, requires the Secretary of the Army to ensure that an applicant seeking corrective action by the ARBA be provided with a copy of any correspondence and communications (including summaries of verbal communications) to or from the Agency with anyone outside the Agency that directly pertains to or has material effect on the applicant's case, except as authorized by statute. ARBA medical advisory opinions and reviews are authored by ARBA civilian and military medical and behavioral health professionals and are therefore internal agency work product. Accordingly, ARBA does not routinely provide copies of ARBA Medical Office recommendations, opinions (including advisory opinions), and reviews to Army Board for Correction of Military Records applicants (and/or their counsel) prior to adjudication.

3. Army Regulation 635-40 establishes the Army Disability Evaluation System (DES) and sets forth policies, responsibilities, and procedures that apply in determining whether a Soldier is unfit because of physical disability to reasonably perform the duties of his office, grade, rank, or rating. It states, in part:

ABCMR Record of Proceedings (cont)

a. A Soldier may not be discharged or released from active duty because of a disability until they have made a claim for compensation, pension, or hospitalization with the Veterans Affairs or have signed a statement that their right to make such a claim has been explained, or have refused to sign such a statement

b. The objectives of the DES are to:

(1) Maintain an effective and fit military organization with maximum use of available manpower.

(2) Provide benefits for eligible Soldiers whose military Service is terminated because of a disability incurred in the line of duty.

(3) Provide prompt disability processing while ensuring that the rights and interests of the Government and the Soldier are protected.

4. Army Regulation 635-200 sets forth the basic authority for the separation of enlisted personnel. The version in effect at the time provided that:

a. Chapter 3 provides that a separation will be described as entry level with uncharacterized service if the Soldier has less than 180 days of continuous active duty service at the time separation action is initiated.

b. Paragraph 3-7a provides that an honorable discharge is a separation with honor and entitles the recipient to benefits provided by law. The honorable characterization is appropriate when the quality of the member's service generally has met the standards of acceptable conduct and performance of duty for Army personnel or is otherwise so meritorious that any other characterization would be clearly inappropriate.

c. Paragraph 3-9 provides that a separation would be described as entry level with uncharacterized service if processing was initiated while a Soldier was in an entry-level status, except when:

(1) a discharge under other than honorable conditions was authorized, due to the reason for separation and was warranted by the circumstances of the case; or

(2) the Secretary of the Army, on a case-by-case basis, determined a characterization of service as honorable was clearly warranted by the presence of unusual circumstances involving personal conduct and performance of duty. This characterization was authorized when the Soldier was separated by reason of selected changes in service obligation, for convenience of the government, and under Secretarial plenary authority.

ABCMR Record of Proceedings (cont)

d. An uncharacterized discharge is neither favorable nor unfavorable; in the case of Soldiers issued this characterization of service, an insufficient amount of time would have passed to evaluate the Soldier's conduct and performance.
