FACTS:

1. The applicant did not file within the 3-year time frame provided in Title 10, U.S. Code, section 1552(b); however, the Army Board for Correction of Military Records (ABCMR) conducted a substantive review of this case and determined it is in the interest of justice to excuse the applicant's failure to timely file.

2. The applicant states, in pertinent part:

- While working at Walter Reed Army Medical Center (WRAMC), he published over seven manuscripts for the military
- He also published eight peer reviewed articles approved by the Walter Reed Institutional Review Board and the Public Affairs Office
- He was more than 200 miles away from his reserve unit with a new baby and job and was asked to work at WRAMC without pay and required hundreds of hours to complete

3. A review of the applicant's available service record reflects the following:

- On 3 June 1986, his letter of Appointment as a Reserve Commissioned Officer of the Army was issued
- On 14 June 1986, he accepted a Reserve commission and executed an oath of office
- Memorandum, Subject: Notification of Eligibility for Retired Pay at Non-Regular Retirement (20-Year Letter), dated 9 January 2014 was issued
- Orders Number C10-394333, dated 13 October 2023 was issued placing him on the retired list, effective 9 December 2023
- DA Form 5016 (Chronological Statement of Retirement Points), dated 14 April 2025 shows for the RYE 18 May 2006 the applicant earned 10 inactive duty training points and 15 membership points, totaling 25 total retirement points creditable

4. On 8 August 2024, the U.S. Army Human Resources Command (AHRC), Chief, Personnel Services Division provided an advisory opinion for the applicant's request stating, Army Regulation (AR) 140-185 (Training and Retirement Point Credits and Unit Level Strength Accounting Records), paragraph 3-3, requires that nonpaid DA Forms 1380 be forwarded to AHRC for award of retirement points no later than the end of each duty month. The DA Form 1380 that was sent into their office, the duty was performed in 2005 and 2006 and signed on 15 November 2023. The DA Form 1380 was not prepared or submitted in accordance with AR 140-185. Therefore, it is the opinion of AHRC, that we cannot award retirement points based on the DA Form 1380, without the direction from the Army Board for Correction of Military Records (ABCMR).

5. On 27 August 2024, the applicant was provided with a copy of the advisory opinion and afforded the opportunity to respond. He did not respond.

BOARD DISCUSSION:

1. After reviewing the application, all supporting documents, and the evidence found within the military record, the Board found that relief was not warranted. The Board carefully considered the applicant's record of service, documents submitted in support

of the petition and executed a comprehensive and standard review based on law, policy and regulation. Upon review of the applicant's petition, available military records, and U.S. Army Human Resources Command (AHRC), Chief, Personnel Services Division advisory opinion, the Board concurred with the advising official recommendation for disapproval noting in accordance with regulatory guidance, which requires that nonpaid DA Forms 1380 be forwarded to AHRC for award of retirement points no later than the end of each duty month. The DA Form 1380 that was sent into their office, the duty was performed in 2005 and 2006 and signed on 15 November 2023. The DA Form 1380 was not prepared or submitted in accordance with AR 140-185.

2. The Board determined there is insufficient evidence to support the applicant's contentions for correction of his retirement points to reflect inclusion of service for points only performed for the retirement period of June – December 2005 and January – May 2006 for the retirement year ending (RYE) 18 May 2006. The Board found there was a substantial time gap between when the training was performed, and the DA Form 1380 being signed in 2023 for training in 2005 and 2006. Based on regulatory guidance and the advising opine, the Board denied relief.
3. The applicant's request for a personal appearance hearing was carefully considered. In this case, the evidence of record was sufficient to render a fair and equitable decision. As a result, a personal appearance hearing is not necessary to serve the interest of equity and justice in this case.
