BOARD DISCUSSION:

After reviewing the application, all supporting documents, and the evidence found within the military record, the Board found that relief was not warranted. The Board carefully considered the applicant's record of service, documents submitted in support of the petition and executed a comprehensive and standard review based on law, policy and

regulation. Upon review of the applicant's petition, available military records and Human Resource Command - Personnel Services Division advisory opinion, the Board concurred with the advising official recommendation for disapproval finding the applicant submitted the DA Forms 1380 after the prescribed submission timeframe. The opine noted the applicant's DA Forms 1380 must be submitted no later than the end of each duty month. The Board determined the applicant's DA Forms 1380 were signed by the applicant's Individual Mobilization Augmentee unit, which did not have the authority to sign for duty performed prior to 17 August 2022. Based on this, the Board denied relief.

Army Regulation 140-185 prescribes the types of training and activities for which retirement points are authorized and the procedures for recording retirement point credits and training for U.S. Army Reserve (USAR) Soldiers.

a. Paragraph 2–2, states retirement points may be earned by USAR Soldiers for active duty (AD), or while in an active Reserve status, for active duty for training (ADT), initial active duty for training (IADT), involuntary active duty for training (involuntary ADT), annual training (AT), and IDT. Types of IDT are:

- regularly scheduled unit training includes Unit Training Assemblies (UTA), and Multiple Unit Training Assemblies (MUTA)
- Regularly Scheduled Training (RST) other than UTA/MUTA
- make up assemblies for missed UTA/MUTA due to AT
- Equivalent Training (ET) in lieu of scheduled UTA/MUTA or RST
- additional training assemblies (ATA)
- two-hour unit training assemblies
- training of individual Soldiers in non-pay status

b. Paragraph 2–4 states, personnel on AD, ADT, IADT, involuntary ADT, or AT are awarded 1 point for each calendar day they serve in one of these categories and may not be awarded additional points for other activities while in such status. Most types of IDT are covered by one of the following rules on required duration of IDT and calendar day limitations on points:

- one point for each scheduled 4-hour period of IDT at UTA, RST, ET, ATA, or make up assembly maximum of 2 points in 1 calendar day
- one point for each 2 hour or greater period
- two-hour aggregates of shorter periods may be used, except in the case of 2-hour unit training assembly's maximum of 1 point in 1 calendar day
- one point for each 2 hour or greater period
- two-hour aggregates of shorter periods may be used except in the case of 2-hour unit training assemblies
- award of a second point in the same day requires additional hours to bring the day's total to a minimum of 8, maximum of 2 points in 1 calendar day
- points may not be awarded under more than one of the rules above during any single calendar day

c. Paragraph 3-3(b) provides that a DA Form 1380 will be prepared for a unit Soldier who performs equivalent training or additional training. The code "P" or "N" will be entered in item 9c before the retirement point credit. The code "P" indicates the Soldier is entitled to inactive duty pay for the duties performed; the code "N" indicates the

Soldier is entitled to retirement point credit only. TPU units will retain one copy of the DA Form 1380 to post the appropriate entry into ADARS for the month's report and then place in the appropriate Army records information management system file. Non-paid DA Form 1380s will not be entered into ADARS and will be forwarded to HRC for award of retirement points no later than the end of each duty month. The DA Form 1380 will be scanned into the Soldiers Integrated Personnel Electronic Records Management System record by the unit of assignment.
