The applicant did not file within the 3-year time frame provided in Title 10, U.S. Code, section 1552(b); however, the Army Board for Correction of Military Records (ABCMR) conducted a substantive review of this case and determined it is in the interest of justice to excuse the applicant's failure to timely file.
2. The applicant states he is requesting that his discharge be upgraded to general, under honorable conditions. He was young and had never been in trouble before. This was first time away from home and he was very excited about his new life in the military. He was away from home and under a tremendous amount pressure to be successful in life. As a result, his careless and stupid mistakes caused him to suffer tremendously both mentally and professionally. He believes he was falsely accused of something he did not do. He was afraid of being court-martial and not really understanding uniform code of military justice (UCMJ). He felt he was manipulated to take the chapter 10 discharge. He is aware he signed the requested for discharged for the good of the service. However, he really did not understand what was at stake. Since his discharge his self-worth and self-esteem has been in shambles, He also has mental issues because of what he was accepted back then. In addition, there were witnesses that gave sworn statements that contradicted the accuser's testimony. It was two consenting adults involved and the accuser kept changing her story. He notes he cannot right the wrong. However, he continues to pay for the mistake mentally, morally, and personally for the last 20 years. After being refused veterans benefits, he took a long hard look at

his military files and discharge. He is requesting to please take his request into consideration and refer to the enclosed document for further information and clarification.

3. The applicant provided the following information:

a. A summary of proceedings dated 23 November 1993 that provides the testimony of what witnesses recalls happened on 23 October 1993.

- maximum punishment
- he was guilty of the charges against him or of a lesser included offense

- he does not desire further rehabilitation or further military service
- if his request for discharge was accepted, he may be discharged under other than honorable conditions and furnished an Under Other Than Honorable Conditions Discharge Certificate
- he would be deprived of many or all Army benefits, he may be ineligible for many or all benefits administered by the Veterans Administration,
- he may be deprived of his rights and benefits as a veteran under both Federal and State law

6. By regulation, an individual who has committed an offense or offenses, the punishment for any of which includes a bad conduct discharge or dishonorable discharge, may submit a request for discharge for the good of the service. An Under Other than Honorable Discharge Certificate normally is appropriate for a member who is discharged for the good of the service.

7. The Criminal Investigation Division (CID) conducted a search of the Army criminal files indexes and no sexual assault records, criminal investigative and military police reports were indexed pertaining to the applicant.

BOARD DISCUSSION:

1. After reviewing the application, all supporting documents, and the evidence found within the military record, the Board found that relief was not warranted. The Board carefully considered the applicant's record of service, documents submitted in support of the petition and executed a comprehensive and standard review based on law, policy and regulation, and published Department of Defense guidance for liberal and clemency determinations requests for upgrade of his characterization of service. Upon review of the applicant's request and available military records, the Board determined there is insufficient evidence of in-service mitigating factors to overcome the misconduct. The Board noted the applicant provided insufficient evidence of post-service achievements or character letters of support that attest to his post honorable conduct that might have mitigated the misconduct that resulted in the discharge characterization.
2. The Board agreed, the applicant has not demonstrated by a preponderance of evidence an error or injustice warranting the requested relief, specifically an upgrade of the under other than honorable conditions (UOTHC) discharge to a general under honorable conditions discharge. Therefore, the Board denied relief.

BOARD VOTE:

BOARD DETERMINATION/RECOMMENDATION:

The evidence presented does not demonstrate the existence of a probable error or injustice. Therefore, the Board determined the overall merits of this case are insufficient as a basis for correction of the records of the individual concerned.

REFERENCES:

1. Title 10, U.S. Code, section 1552(b), provides that applications for correction of military records must be filed within 3 years after discovery of the alleged error or injustice. This provision of law also allows the ABCMR to excuse an applicant's failure to timely file within the 3-year statute of limitations if the ABCMR determines it would be in the interest of justice to do so.
2. Army Regulation 635-200 (Personnel Separations – Enlisted Personnel), in effect at the time, sets forth the basic authority for the separation of enlisted personnel.
 - a. Paragraph 3-7a (Honorable Discharge) states an honorable discharge is a separation with honor. The honorable characterization is appropriate when the quality of the member's service generally has met, the standards of acceptable conduct and performance of duty for Army personnel or is otherwise so meritorious that any other characterization would be clearly inappropriate.
 - b. Paragraph 3-7b (General Discharge) states a general discharge is a separation from the Army under honorable conditions. When authorized, it is issued to a member whose military record is satisfactory but not sufficiently meritorious to warrant an honorable discharge.
 - c. Chapter 10 of this regulation states an individual who has committed an offense or offenses, the punishment for any of which includes a bad conduct discharge or dishonorable discharge, may submit a request for discharge for the good of the service.

An Under Other than Honorable Discharge Certificate normally is appropriate for a member who is discharged for the good of the service.

3. On 25 July 2018, the Under Secretary of Defense for Personnel and Readiness issued guidance to Military Discharge Review Boards and Boards for Correction of Military/Naval Records (BCM/NRs) regarding equity, injustice, or clemency determinations. Clemency generally refers to relief specifically granted from a criminal sentence. BCM/NRs may grant clemency regardless of the type of court-martial. However, the guidance applies to more than clemency from a sentencing in a court-martial; it also applies to other corrections, including changes in a discharge, which may be warranted based on equity or relief from injustice.

a. This guidance does not mandate relief, but rather provides standards and principles to guide Boards in application of their equitable relief authority. In determining whether to grant relief based on equity, injustice, or clemency grounds, BCM/NRs shall consider the prospect for rehabilitation, external evidence, sworn testimony, policy changes, relative severity of misconduct, mental and behavioral health conditions, official governmental acknowledgement that a relevant error or injustice was committed, and uniformity of punishment.

b. Changes to the narrative reason for discharge and/or an upgraded character of service granted solely on equity, injustice, or clemency grounds normally should not result in separation pay, retroactive promotions, and payment of past medical expenses or similar benefits that might have been received if the original discharge had been for the revised reason or had the upgraded service characterization.
